Copyright for Michael Dawe funeral card is NOT assigned to the City of Red Deer.

Creator Information

Authority Name City of Red Deer Archives unit

Authority History On March 23, 1964, City Council passed By-law No. 2172 to create an eight person Archives Committee made up of seven community members appointed by Council and one Councillor. The group acted in an advisory

February 20, 1989 City Council agreed to restructure the Archives Committee as an advisory committee with staff becoming city employees within the Community Services Division via approved By-Law 2976/89.

From 2003-2010 the Archives formed part of the Community Services Division as a Unit. In 2006 City Council voted to abolish the Archives Committee. Then, in 2007 the Archives took on the heritage function of the City, renamed the Heritage and Archives unit, and hired a Heritage and Archives Coordinator. The unit reported to the Culture Services section.

The heritage function was separated in 2010, and the Archives moved under the Corporate Services division and briefly reported to the Records Management Coordinator. The Archives then reported directly to the Corporate Services division manager until 2011, when it reported to the Corporate Services Divisional Strategist. In 2012 the Archives also hired an Archives Coordinator.

In 2012 the Archives became part of the Information Management Section under the Information Technology Services department and in 2013 the new Information Management Supervisor position was created to which Archives reports. The Archives was relocated in 2020 to the Archives and Records Centre building located at 4725 49 Street.
