Board of trade

The Archives Committee feels that the use of Mr. Hermary's first name to provide the 'leading letter' for the street names could lead to some confusion and, misunderstanding in the minds of those who are already acquainted with the established system where the surname provides the leading letter for the street names. A precedent leading to possible ambiguity.

Yours truly,

Mrs. S. Bentley
Archivist.

PUBLIC NOTICE SYLVAN LAKE TRAIL NAME CHANGE

- EXISTING 59 AVENUE
- SYLVAN LAKE TRAIL - TO BE CHANGED TO 59 AVENUE

Council of The City of Red Deer have approved a request in principle to change the street name "Sylvan Lake Trail" to "59th Avenue".

Prior to a final decision, Council are requesting comments from the public, particularly from citizens whose addresses would be affected by the change.

Comments are requested in writing to be directed to the attention of the City Clerk by no later than Friday, May 17, 1985.

Dear Sir:

Street Name Change

The applicant is requesting the City to change the name of Sylvan Lake Trail to 59 Avenue, in order to avoid the confusion created in the area.

Sylvan Lake Trail or 59 Avenue is part of the old Calgary to Edmonton Trail which was annexed to the City in 1959. The area of confusion starts on 59 Avenue north of 67 Street and continues all the way until it reached 64 Avenue. On that stretch of road, starting from 67 Street, the road is known as 59 Avenue until it reached 69 Street, then it suddenly changes to Sylvan Lake Trail and again changes to 59 Avenue when it joins 64 Avenue.

We have no objection to change the Section known As Sylvan Lake Trail to 59 Avenue, provided there is no objection on the part of;

- a) the people having frontage onto Sylvan Lake Trail,
- b) the Post Office
- c) the Fire Department

Yours truly,

NO. 3

November 19, 1976.

Mr. R. Stollings,
City Clerk,
City of Red Deer.

Dear Sir:

RE: Park Area Along Waskasoo
Creek south of Ross Street.

At their meeting of November 18th, 1976 the Archives Committee
unanimously decided to recommend that the name of the park be "Ed Barrett Par

REASON:

Mr. Barrett and his wife have contributed enormously to all aspects
of life in this community. Both have lived in that area all of their adult
lives and continue to make their home close to the proposed park. The are st
very active in community affairs.

As alternatives we submit the names of: E.G. Johns who served on
Council and Mayor for 17 years, plus other services.
S.N. Carscallen who served as Alderman and Mayor, and was associated with Mr
Ed Michener in the development of Parkvale.
Mr. Ed. Michener Father of the former Governor General, Roland Michener, and
who was also a Mayor of Red Deer.

Yours truly,

Ellie R. Ives
(Mrs. R. C. Ives)

Secty. Archives Committee.

Commissioner's Comments

The above has been received in response to the resolution of Council of November 8, 1976 and which resolution reads as follows:

"RESOLVED that Council of the City of Red Deer agree that the matter of naming the newly developed park area along Waskasoo Creek, south of Ross Street to the Exhibition Grounds, be referred to the Archives Committee."

Recommend Council approve the name "Ed Barrett Park".

RE: Normandeu Extension

We are planning to add the quarter section north of Normandeu to the Normandeu Subdivision as one large subdivision.

I would appreciate it if your Committee could supply us with twenty additional street names starting with the letter "N".

For your information I am enclosing the list you supplied us with. The ones with signs beside them have already been used.

TO: CITY COUNCIL

FROM: MAYOR R. N. MCGREGOR

We have received two letters from the Red Deer Regional Planning Commission suggesting that Council select from prepared lists sufficient names to name the new streets in the Cronquist Property, the Bower Place Sub. and the Oriole Park Ex. The list of names have been prepared by the Red Deer & District Archives Committee with the exception of those suggested for the Oriole Park Extension as the initial naming of streets in this area did not follow the pattern of naming streets after former residents.

It is my view that it is completely unnecessary for Council to spend time in selecting names for streets, but rather this function can be handled by the Red Deer Regional Planning Commission, City Assessor and the City Engineer providing, of course, they follow the policy of firstly approaching the Archives for a list from which to select names.

Recommend Council authorize the above named persons to select names for all future subdivisions without the necessity of going before Council. Individual Council members may wish to participate in the selection.

Dear Sir:

Aspen Heights Area

Following the naming of the area north of 67 Street and west of 59 Avenue as "Aspen Heights", it was brought to our attention that this name may create problems when street names are chosen.

According to City practice, street names have to start with the same letter of the alphabet as the subdivision name, in this case, with the letter "A".

We have already named the streets of Anders Park with names beginning with the same letter.

The area south of 67 Street and east of 59 Avenue has not been officially named, but the name "Woodland Park" has been used on some sketch plans. This name will also clash with West Park subdivision.

If City Council agrees with the above observation, it is recommended that the matter of the naming of the two areas be referred to the Archives Society to pick appropriate names starting with letters not already used.

For City Council's information, the following letters have not been used in our new areas:

C, D, G, I, J, K, L, Q, R, T, U, X, Y, Z

Our new areas with street names corresponding to the subdivision names are:

Anders Park, Bower Place, Eastview, Fairview, Highland Green, Morrisroe, Normandeau, Oriole Park, Pines, Sunnybrook and West Park.

Yours truly,

Dear Mrs. Richards:

RE: Naming of Streets in Honour of Prominent
Citizens

The Parks Board at a recent meeting, gave further consideration to the possibility of naming Streets, Parks, etc. after citizens, and expressed the opinion that no further Streets or Parks should be named until a complete list has been compiled of former residents and present residents who, in the opinion of the Oldtimers' Association and the Archives Committee, are worthy of this honour.

It was also the opinion of the Parks Board that each name submitted should contain a realistic biography of the person involved.

We would appreciate your Organization forwarding to us, information as referred to above, in order that this particular subject can be further considered.

REPORT OF A COMMITTEE MEETING HELD TO CONSIDER
THE REQUEST FOR A POLICY REGARDS NAMING OF RED DEER
PARKLAND

October 26th, 1967

The representatives of this meeting were: Mr. Lorne Askins, President Old Timers and Pioneer Association; Mr. E. L. Meeres, President of the Red Deer and District Archives Committee; Alderman Mrs. L. H. Taylor.

The matter had arisen when the Old Timers and Pioneer Association had requested Red Deer City Council to name all City Parks after a distinguished pioneer person. The request had been tabled by Council at Mrs. Taylor's suggestion, to allow more study of the matter, and consideration of the facets of such a request by both the Old Timers and the Archives Committee. At the Council meeting when the proposal was made, Mrs. Taylor pointed out the possibility of such a policy precluding:

1. The naming of buildings, drives, etcetera, in honour of pioneer citizens (e.g. Annie Gaetz School);
2. The possibility of there being a younger deserving citizen being suitably honoured with a naming (e.g. Kerry Wood Drive);

At the meeting on October 26th of the three representatives, Mrs. Taylor drew attention to the naming of all streets of Morrisroe subdivision, after pioneer people whose names began with the letter "M". Considerable careful research had gone into the making of the list of suitable pioneer names, and the list is in City Hall records files, and also in the Archives Committee files.

In 1963, Red Deer's Golden Jubilee year, Galbraith Park was named and dedicated. Biographical record is on file.

In 1965, Stevenson Park was named, but it has not been dedicated.

In 1967, Snell's Floral Gardens was named, but has not been dedicated. Biographical material is on file with the City, and with the Archives Committee, regarding each of these three outstanding citizens involved in the namings (Stevenson Park honours both the Stevenson brothers who contributed so much to Red Deer in public service).

City Council did not allocate any budget in either 1966 or 1967 for purchase of dedication plaques or stones.

Mr. Askins, Mr. Meeres and Mrs. Taylor agreed that the following resolutions be presented to the Old Timers' and Pioneer Association, and the Archives Committee:

1. "Proposed Naming Policy for the City of Red Deer"
 1. That the City of Red Deer accepts a policy that civic buildings, parks, drives, and streets where feasible, be named after outstanding citizens;
 2. That the Red Deer Public School Board, and the Red Deer Hospital Board be asked to also adopt such a policy;
 3. That the City of Red Deer be asked to notify the Old Timers' and Pioneers' Association when names are being proposed for such civic amenities.
 4. That the Old Timers' and Pioneers' Association makes available to the City of Red Deer, the Public School Board and the Hospital Board a list of researched, suitable names of old timers.
 5. That all present un-named parks be:
 - a) Zoned and allocated as park land;
 - b) That named parkland be checked as to park zoning definition;
 - c) That all parkland within the City not now named be suitably named and dedicated;
 - d) That City Council allocates an annual suitable amount for the costs of commemoration plaques, stones or other markers."
2. "Proposed that the triangle park at the intersection of Ross Street, 49th Street, and 46th Avenue at the foot of Michener Hill, be named Hugh Gilchrist Garden in appreciation of his service to the City of Red Deer in beautification leadership."
3. "The request for naming of another piece of park property in the City awaits clarification of land defines and ownership."

Red Deer and District Archives Committee
Minutes

October 19, 1967

Present were: Mr. Meeres, Chairman, Mrs. Gaetz, Mrs. Kinna, Mr. Caton
Mr. and Mrs. Fitch, Dr. Snell, Mrs. Foster.

The minutes of the previous meeting were adopted as read on motion
of Mrs. Kinna, seconded by Mrs. Gaetz. Motion Carried.

Correspondence: Letter of acceptance as Associate Member by Mr.
George Sterling, Benalto.

Letter of resignation from Mrs. Price.

Letter from Mr. McCloy, Glenbow Foundation re postal map.

Motion: Mr. Caton moved that we ask Glenbow to make copies of the map covering the
entire Red Deer district, that is sheets # 105, 106, 107, 108, 117, 118, 119, 120
at 20 cents a sheet. Mrs. Taylor seconded the motion. Carried.

Regarding the ^{official} opening day for the Archives Room in the new Centennial
Library, it was suggested that we have it on December 1st if Mr. Hugh Dempsey
could come to be our guest speaker on that day. An alternate of November 24th
should be named. **Mrs. Foster is to be the Chairman of the Committee. This was
made in the form of a motion by Mrs. Taylor, seconded by Mr. Caton. Carried.

**Mrs. Foster is to be the Chairman of the Committee which is to look after
program, display and food.

Motion: Dr. Snell moved that Mrs. Nancy Ross be asked to be an Associate Member.
Mr. Caton seconded the motion. Carried.

Motion: Mr. Caton moved that Mr. Nigel Lawrence be invited to become a member
of the Archives Committee to replace Mr. Philip Gordon who resigned earlier this
year. Mr. Fitch seconded the motion. Carried.

Mr. Caton reported that the County of Red Deer history which is being looked after
by Mr. Stringer, is progressing; Mr. Caton also reported that his inquiries re-
garding the registration of plots in the Catholic cemetery are continuing.

Dr. Snell suggested his brother Charlie has archive material which may be lost or
destroyed and suggested we should see his brother and ask that it be available to
the Archives.

Mrs. Taylor suggested that the Budget Committee meet in November so that the Archive
budget would reach the City Council by December.

Mrs. Taylor suggested that the Separate School Board be asked for copies of pictures
of their Chairmen and add any new ones each year to keep the Archives up to date.

Mrs. Taylor suggested that the Committee which Council formed to consider the
request for a policy for the naming of Red Deer parkland should meet and get an
expression of opinion and take it back to Council, the Old Timers Association and
the Archives Committee.

Mrs. Taylor reported that she and Alderman Dale had found a building near the 45th
Street overpass which would be satisfactory to store museum items. Mr. Horn is
our representative on that committee. in which

Red Deer, Alberta
May 1st, 1965.

Mr. E. Newman, Mayor,
City of Red Deer,
Red Deer, Alberta.

Dear Mr. Newman:

At a recent meeting of the Archives Committee the following resolution was passed for your consideration;

"Whereas the following land is the property of the City:

P - Park Reserve, Plan 2565 - K S .56 acres

R - City Reserve, Plan 5881 - H W .23 acres

The Red Deer and District Archives Committee recommend to the City Council,
That these small parcels of land be named 'Stephenson Park' honoring the late Albert Thorburn Stephenson, and Mr. William James Stephenson."

Enclosed are short biographies of the late Mr. A.T. Stephenson, and Mr. W.J. Stephenson.

Sincerely,
(Mrs. H.F.) Christine Price,
Secretary,
Red Deer & District Archives
Comm.

WILLIAM JAMES STEPHENSON

Wife - Leola May Glass Gaetz, daughter of Dr. Gaetz. Mr. Stephenson came to Red Deer in 1902. He served on the School Board for thirteen years, three years as Chairman. He served on the Municipal Hospital Board, Past President of Rotary Club, District Deputy Grand Master of the Masonic Lodge.

ALBERT THORBURN STEPHENSON

Albert Thorburn Stephenson was born in Orillia, Ontario in the 1870's. He attended the Orillia High School, Portage la Prairie Collegiate, Barrie Model School and Regina Normal School. He served in the South African War with the Lord Strathcona Horse and was awarded the Queen's Medal with four clasps. He was a member of the Canadian Coronation contingent at the coronation of King Edward VII in 1902. After the South African War he taught school and was the first teacher at Crossroads school. He came into Red Deer and taught in 1902 and 1903. He entered the hardware business with A.H. Illsley and remained in that firm until his appointment as Commissioner of The Town of Red Deer in the summer of 1908. For twenty-seven years he occupied that responsible position and much of Red Deer's fortunate position is due to his loyalty and administrative ability exercised throughout that long period on behalf of the citizens of the town. His service to the town and city of Red Deer led him naturally into wider fields, and his work with the Union of Alberta Municipalities, of which he was a vice-president in 1927 and 1928, brought him into touch with the provincial government and in 1927 he was appointed a member of the Alberta Taxation Commission.

He always had a close personal interest in the Red Deer Memorial Hospital, built to commemorate four Red Deer men who served with him and who lost their lives in South Africa. When the Municipal Hospital District was formed in 1921, he became the first secretary of the District and retained that post until his serious illness in 1935 made his resignation necessary. He was an active member of the Alberta Hospitals Association and served two years as its president. He was also a member of the Alberta Advisory Committee on health for some years. For several years he served as secretary of the Board of Trade, in which he was keenly interested.

He joined the Masonic fraternity as a young man, and was Worshipful Master of Red Deer Lodge No. 12 in 1908, and District Deputy Grand Master in 1911-12. He was a charter member of the Red Deer Rotary Club, and was an active member of the Canadian Legion.

The purchase by the City in 1926 of the power plant of the Western General Electric Company was a source of great satisfaction to Mr. Stephenson, and the rapid and continuous improvements in the City's financial position following that transaction pleased him greatly. He played an important part in the successful negotiations which preceded the taking over of the plant by the City.

His abilities were by no means confined to his work on behalf of the City and the Hospital. As a youth he won the junior chess championship of Ontario in 1891, and he remained a keen bridge player up to a few months before he died. Out of doors his record was even more impressive. He played football in Saskatchewan and in Red Deer and was a strong bowler in the early cricket teams here when Pine Lake used to field a strong team against Red Deer. He was a good fisherman and had a hand in the first stocking of the creeks west of Red Deer with trout fingerlings. With a gun he was a crack shot at the traps and in the field, and he was an active member of the Red Deer Gun Club in earlier years. He played a steady game of golf and was an early member of the Red Deer Club.

For many years he cultivated one of the outstanding gardens in the city and was active in the work of the Horticultural Society. Each year he presented some hundreds of packets of seeds to the Women's Institutes over Central Alberta, all taken from his own garden.

During his service in South Africa he contracted malaria and he was never wholly free from it for the rest of his life. In 1933 he had serious stomach trouble and he was operated on at Rochester. He recovered from this severe drain on his system and was in reasonable health until January 1935 when he became almost completely paralyzed. It was from this point that he began his real fight. He was determined that he would beat the paralysis, and he did. Except for some lack of full movement in his hands and feet, he won out after two years and was able to get about and to work in his garden.

In 1903 Mr. Stephenson was married to Miss Isabel Jenkins at Red Deer, and her loyal and unselfish help were his during his long illness. Four daughters and two sons survive.

COMMENTS OF COMMISSIONERS

On May 3rd, 1965 Council considered the Central Alberta Pioneers' and Old Time Association proposals regarding the naming of sites, parks and streets after pioneers. Council decided as follows: "Council of The City of Red Deer do hereby resolve that the Civic Recognition Committee meet with the Central Alberta Pioneers and Old Timers Association and Archives Committee for the purpose of discussing proposal of the said Association re: naming of streets, parks etc. after pioneers and recommend to Council action to be taken".

The Pioneer's Association and Archives Committee were notified on May 7th, 1965 of Council's decision.

It is considered that Council would be well advised to defer any naming of further properties or streets after pioneers until the two groups have met and compiled a full list of these names and biographies of those to be commemorated in this way.

Commissioner D. Cole.

April 26, 1965.

His Worship the Mayor,
City of Red Deer.

Dear Sir:-

At the last meeting (April 14) of the Central Alberta Pioneers
and Old Timers' Association, the following resolution was passed:

"Since it has been observed that in the process of growth,
planning and development of any modern city, small parcels of
land are created which are not suitable for building purposes,
but which do make desirable sites for beautification areas or small
parks,

AND WHEREAS the Central Alberta Pioneers' Association, working
in conjunction with the Archives Committee, have permanent records
of the early settlers of this district,

AND WHEREAS it is our feeling that the fine qualities of citizenship
as displayed by some of our early pioneers should be recognized in
some tangible and permanent form,

WE THEREFORE RESOLVE and respectfully suggest to the City Council
that, in the naming of sites, parks, crescents or streets,
this Association be consulted and if need be, requested to suggest
and submit such names from a list compiled and prepared for this
purpose by this Association.

Respectfully submitted by

Central Alberta Pioneers' and
Old Timers' Association

Dear Sir:

Re: Hospital Disaster Institute
Red Deer General Hospital, 12 May, 1965.

I have been requested, on behalf of the Red Deer General Hospital
and the Provincial Department of Health, to invite you to attend the Institute
and to give the address of welcome to visiting delegates.

The Institute is being conducted from the Elks Hall in Red Deer,
commencing at 9:30 a.m.

An invitation is also extended to as many of your members of
Council to attend, as can possibly do so.

I am forwarding herewith, a copy of the narrative for Exercise
Red Deer 'Mayflower', which is being held concurrent with and in support of the
Institute. Also included is a copy of the time table for the Institute itself.

Red Deer & District Archives Committee

Tuesday, August 25th, 1964; 7:30 P. M.

Committee Room, City Hall.

The Minutes of the June Meeting were read, and adopted on motion of Mr. F. Turnbull and Mr. T. Edis.

It was moved by Mrs. Foster and seconded by Mr. Edis that we recommend to Council that something concrete be arranged with Mr. Fisher, at Fotoarts, in connection with his Red Deer Movie footage; and that should the present film warrant duplication, additional funds be budgeted for this purpose...Carried.

Mrs. Taylor advised that she will be obtaining the exact Cree definition for our letter-heads, and that the final design will be submitted in September.

...Mrs. Scammell did not feel that he would have the time to undertake interviews for the Archives, but Mrs. Taylor noted that Walter Makinnon will arrange for one session with one of Red Deer's pioneer families.

During the discussion of general business, Mr. Bob Crumbach, a visitor to the August meeting, advised that he had a number of the late Henry Mar's negatives, and that Mr. G. Sinclair had more in the basement of the store.

It was also felt that the Committee should examine the cupboards and storage in the old Library Building, in the event that there are still some mementoes and documents therein, which should be saved.

On motion of Dr. Snell, seconded by Mr. Turnbull, a committee comprised of Mrs. Foster, Mrs. Meeres, and Mr. Edis will approach the Oldtimers Association, with a view towards obtaining copies of the Oldtimers Book of Memories - as well as from any other sources whatsoever - carried.

...Names of pioneer families connected with the naming of streets in the new Morrisroe subdivision are available through Mrs. Taylor's research for Council; there are others in the Library Minute Book - and still others, it was suggested, are to be submitted by Committee members...All names thus obtained will be used in conjunction with the Oldtimer's Book of Memories and individual projects.

After some discussion - and abstentions in the voting - Mr. Turnbull moved that the definition of the District within ~~the~~ the terms-of-reference for the Red Deer and District Archives Committee should be restricted to that area from Delburn, in the east, to Rocky Mountain House in the west - and from Penhold, south, to Blackfalds, north...The motion was seconded by Mr. Edis, and carried.

PROPOSED NAMES FOR MORRISROE SUBDIVISION

Submitted by Alderman Mrs. Taylor

A great deal of careful checking has been done regarding possible names of Pioneer Red Deer district people beginning with the letter "M". It is possible someone of the early days has been overlooked. On the other hand, there are more names available than are needed in the numbers of streets to be named now in the Morrisroe subdivision.

This makes it difficult to choose, as all the pioneers with names beginning with "M" contributed something worthwhile to the progress of this area and therefore to the City of Red Deer; and present records and memories can easily overlook some outstanding contribution of an early citizen.

Therefore the names which have been chosen are not just signal honouring of these particular citizens, but of all the citizens with name beginning with "M" who in large or small measure helped build the community of Red Deer so well that the City of Red Deer now expands into another subdivision, to be named Morrisroe in commemoration of the pioneer family whose land now becomes part of the City.

As only some of the names can be allocated now, the remaining list will be left until final development of the total subdivision area.

The names of Michener, Moore and McLean are already recognized in the naming of Michener Hill, Moore Crescent, and McLean Playing Field of the Central School complex. Edward Michener gave outstanding service and leadership to this area and to the nation and was named a Senator. John T. Moore developed Red Deer's electrical system and also contributed greatly to the growing pioneer community. W.J. McLean was the first Inspector of Schools in Red Deer, and continued in this position for many years.

In choosing the names for Morrisroe streets, the name of Fred Moore, resident of the Red Deer area since 1912 and alderman of the City for the past 12 years, poses a problem in that Moore Crescent and Moore Street or Close could lead to confusion, especially to newcomers, and in mailing. Michener Street, likewise might be associated with Michener Hill rather than Morrisroe.

Lochlan MacLean has enriched this community with his sterling qualities and fine leadership. But if the coincident use of Michener and Moore are eliminated, the precedent of using the name MacLean twice (even though spelled differently) does not seem advisable.

These three names, therefore, are not included in the following list. Information relative to the proposed names has been checked and is on file.

- ~~McVicar, John~~
- ~~McKee, S.E.~~
- ~~McBride, Frank)~~
- ~~McBride, W.L.) Still living in North Red Deer.~~
- ~~MacLeod, Mrs. Emma~~
- ~~Malcolm, John~~
- ~~McConnell, Sam~~
- ~~McIntosh, Julius - is over 90 and still living here.~~
- ~~Meeres, Horace~~
- ~~Mitchell, A.B.~~
- ~~McKinnon, Dan~~
- ~~Martin, Angus~~
- ~~Munro, Roderick~~
- ~~Mackenzie, G.W.~~
- ~~McCune, Captain and Sons A.D. and C.E.~~
- ~~Moon, George~~
- ~~Michiels, Fred C.~~

The following Notices of Motion were submitted by Alderman Mrs. Taylor at Council meeting of March 23rd, 1964:

"That the name "Burnt Lake Road" be changed from the street of present calling to street numbered 67 Street, which is now the road directly leading to the Burnt Lake district with historical and regional significance, and

That the road now called "Burnt Lake" be re-named 'Kerry Wood Drive', as eventually this will be a most attractive road, leading to Maskapatoon Park, which through Kerry Wood's efforts was dedicated a park and is named for the great Indian leader written of in Kerry Wood's book "The Great Chief". RE: Morrisroe Subdivision

Dear Sir:

In order that this office may proceed with the registration of the first stage of the Morrisroe Subdivision, it is necessary that we designate the name of the subdivision as well as the name or street numbers to be registered by the plan of survey. Attached are two copies of the overall subdivision layout for the Morrisroe quarter for which we have indicated a street numbering system on one print with the other print indicating a suggested system of street names.

It will be noted that in both cases we have indicated that the subdivision name should follow its present designation of "Morrisroe". For this reason all street names commence with the letter "M" indicating that streets such as Mitchell, McNiel and McDonald are located in the Morrisroe Subdivision.

It will be noted from comparing the two systems of designation the names appear to be the most satisfactory method of designation. In view of the fact that the subdivision is based upon a modified grid, it is impractical to continue the street and avenue designations on the basis of a standard east-west and north-south grid numbers.

It is my recommendation to Council that the subdivision name should follow the designation of "Morrisroe" with the street system being designated as names as recorded on the enclosed plan.

Yours truly,
Robert R. Cundy, Director.

NOTE:

Two plans of the Morrisroe Subdivision will be available for Council. One with names and one with numbers.

Whichever system Council selects, there would seem to be merit in numbering 38th Avenue which is a through road continuing on through East-view.

A decision is urgently required for Western portion so that plan can be forwarded to Edmonton for registration.

Denis Cole,
City Commissioner.

This is to say 'Thank You Very Much' for your own and the Council's decision to rename the old Burnt Lake Trail in my honour. Frankly, I wasn't very keen on the idea, but Mrs. Taylor's nomination and the Council's unanimous acceptance of it thoroughly delighted my family, and for that I am most grateful to you all. The old trail to what we once called the Tamarack Swamp, now Maskepetoon Park, used to be my favorite walk, and the association with that area was always pleasant.

Since the proposed roadway on 32 Street going to West Park from Gaetz Ave. has been changed and no longer requires the above portion of land; I request that this land be returned to me. Our plans are prepared to hard surface our trailer park this summer and before this can be done a storm sewer must be installed to drain the south end of the park. This must cross the above mentioned ground.

If it is not possible to return this without charge, as it was taken, would you kindly set a price on this land, as this must be settled before we can proceed with our plans for the summer.

February 15th, 1963.

Dear Sir,

Re: Proposed new Planning Bill

I am in receipt of your letter of February 14th, note the contents and wish to comment as follows:

(1) Road Widening as a Feature of a Subdivision Plan

The new Planning Bill as it will be printed will not contain any provision for road widening as part of a subdivision proposal without compensation. This is as the Minister responsible wishes it to be at this time. However, he has told me that he will prefer the matter to be debated from the floor of the House, so I would suggest to you that you inform your local M.L.A. and brief him accordingly.

In passing, I wish to notify you, apropos the second paragraph of your letter, that Regulation 28 of the Subdivision and Transfer Regulations 185/60 as amended, makes no provision for an approving authority to require road widening as a condition of subdivision approval, as you state. Regulation 28 merely states the minimum widths of different classes of streets and secondly, it provides for land in addition to the above be made available in the subdivision plan, where definite proposals for future traffic circles or other major street intersections have been adopted. It makes no reference to road widening, as in fact the whole of the Subdivision and Transfer Regulations makes no such provision.

(2) Public Reserves

Provision for the deferment of public reserves has been incorporated in the Bill, and provisions for the waiving of the land itself will only be permissible if money in lieu is provided. There will be no blanket waiver as in the past.

Yours very truly,
Noel Dant,
Director of Town & Rural Planning.

Street Names Suggested For Red Deer

A proposal that Red Deer institute names instead of numbers for streets and avenues, particularly in the new subdivisions like Sunnybrook and Fairview, was presented to council Monday by the Technical Planning Committee and received approval in principle. A part of the plan would be the erection of large map boards at the entrance to the subdivisions showing the street layout with the names. Members of the committee are the mayor, commissioner, city engineer and planning director.

To distinguish the various subdivisions, the proposal suggested that all Sunnybrook names start with "S" and Fairview with "F."

The report said the grid-numbering system had been abandoned by most cities as new types of planning created curved streets, crescents and cul-de-sacs. It also recommended that all major thoroughfares such as Gaetz Ave. (50 Ave.) and Ross St. (50 St.) be designated solely by name because the numbering system becomes confusing as the thoroughfares change direction and relation to side streets and avenues.

Joseph Welsh, chairman of the Canadian Legion's Poppy Day campaign in Red Deer told members of Rotary on Monday something of the origin and purpose of Poppy Day. Tracing the progress of the First Great War and the celebration of the armistice on November 11, 1918 he told of the efforts of the Canadian Legion to help ex-service men and of the success of the annual Poppy Day campaign to raise funds for this purpose.

Ald. F. B. Moore, who, like Mr. Welsh, is a former president of the Red Deer branch of the Canadian Legion, introduced him and T. R. Cornett expressed the thanks of the club.

W. J. Supina, who is in charge of the Red Cross canvass in the business section on behalf of the club, reported good progress.

Dear Sir:-

RE: Naming of Residential Neighborhoods

We have been requested to produce suggestions for City Council regarding the naming of ~~six~~^{several} residential subdivisions. As you know we have in Red Deer the Waskasoo Creek which we understand is Indian for Red Deer. One of our subdivisions is called Waskasoo.

It has occurred to us that there may be some attractive Indian names appropriate to these areas and would be grateful if you could give us some help in this respect.

Neighborhood #1 - (South of Mountview - owner Mr. Bower.)

This is an area of some 150 acres of good, well drained, arable land bordered by a creek valley some 200 - 300 feet wide and 50 feet deep. This valley is covered with mature spruce. The Creek is known as "Piper's Creek" after a Mr. Piper who had a brick works some 40 years ago on the confluence of Piper's Creek and Waskasoo Creek. This Creek is the home of a colony of beavers who have built many dams in the creek.

A name connected with Piper, Spruce, Bower or beaver would seem appropriate.

Neighborhood #2 - (South of Eastview - owner Mr. Morrisroe)

This is an area of some 160 acres of good, well drained, arable land. There would not appear to be any particular association of name with this land. The "Maryview" School is now located on the property and a major thoroughfare known as the "Clearview" road bounds the property on the West.

Are there any Indians of renown connected with Red Deer whose names might be commemorated and which would be appropriate?

...../ 2.

MEMBERS

February 17th, 1961.

Neighborhood #3 - (South of Neighborhood #2)

As per Neighborhood #2 except there is no school on the property.

Neighborhood #4 - (about 200 acres)

This area lies North of the River in the River Valley to the West of the Highway. Much of it overlooks the Red Deer River.

Neighborhood #5 and #6

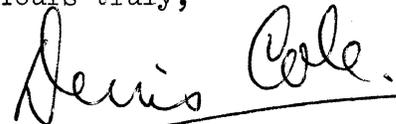

These areas lie on the top of the hill to the North of the River and West of the Highway. Some of the lots would have a view over the City facing S.E.

Neighborhood #7

This area will be for very high class housing - the Mount Royal of Red Deer! It is covered with mature Spruce and is steeply undulating. It will provide some beautiful lots overlooking the City and River Valley.

I am enclosing a plan to show the location of the seven neighborhoods. We are anxious to get away from the standard type of names such as Windsor Park, Mount Royal and so on, and any thoughts you may have on the subject would be much appreciated together with Indian translations of words which might be appropriate or the names of Indians connected with this area with a brief outline of who they were.

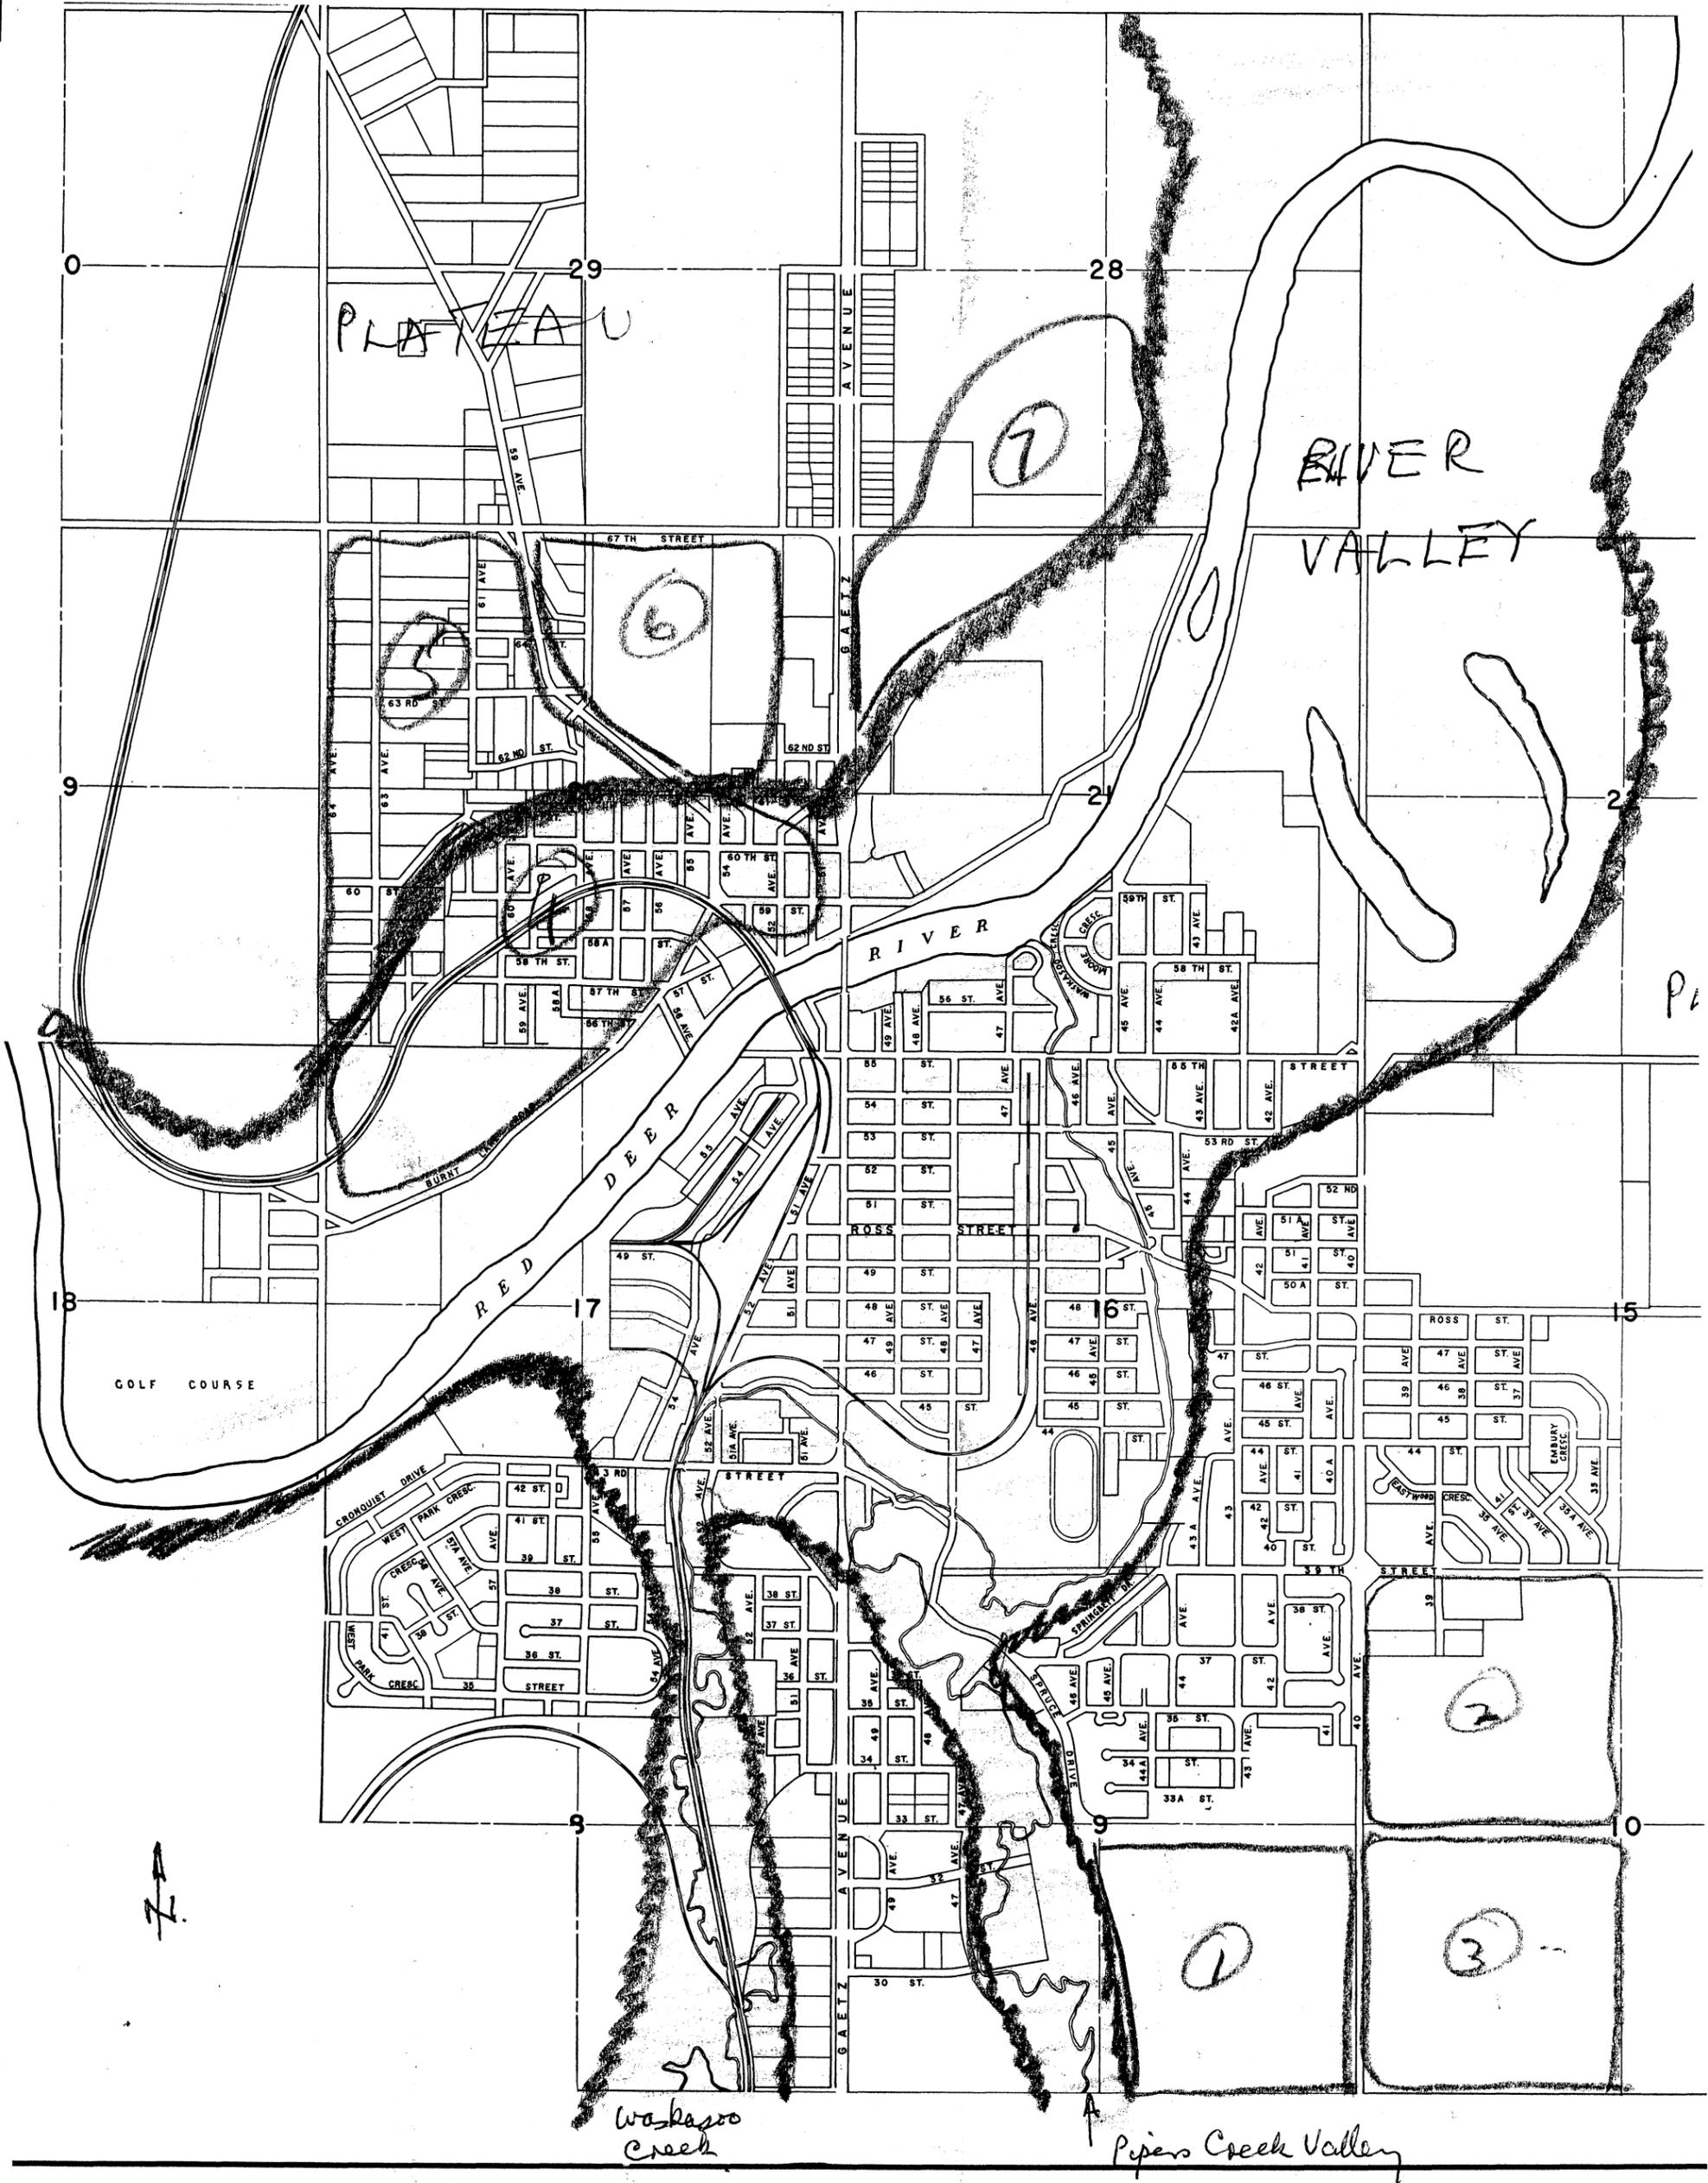

Yours truly,

Dennis Cole,
Director.

CITY OF RED DEER

NAMING

City of R.D

July 13th, 1960.

Mr. D. W. MacGowan,
City Engineer,
City of Red Deer,
4819 Ross Street,
RED DEER, Alberta.

Dear Sir:-

RE: Naming of Subdivisions

In reply to your letter number E. 4 - 1. dated June 10th, 1960, it is not proposed at the present time to differentiate between those portions of the South Hill which are South of 33rd Street and those which are North of 33rd Street. North and South of 33rd Street - East and West of Gaetz Avenue will be referred to as the South Hill.

As to the proposed new area South of 32nd Street and the Mountview Subdivision, the name has not yet been decided. It should be pointed out, however, that all those lots which are now registered and in the process of being serviced are an extension of the Mountview subdivision.

No name has yet been allocated for the quarter section owned by Mr. Morrisroe and under *option* to the City.

Yours truly,

Denis Cole,
Director.

Dear Sir,

Re: Naming of Subdivision

Would you oblige me by giving me the sub-
division names of the following.

1. South of 33 Street east of Gaetz Avenue.
2. New Area being developed south of the
existing Mountview subdivision.
3. The Morisroe property.

NAMING

February 10, 1959

The City Commissioners,
City of Red Deer,
Red Deer, Alberta

Dear Sirs:

RE: Naming of Residential
Neighbourhoods or Districts

It is recommended that in all official correspondence the use of the neighbourhood name should be used in order to encourage a sense of "neighbourhood" or "community" in the areas concerned.

In line with this recommendation we would suggest that the name "Hillsborough" should no longer be used, particularly as there may be some stigma attached to this name. All properties within the S.E. quarter of Section 15 should in future be referred to as Eastview.

This brings up the question of the shopping centre in the N.E. quarter of Section 10 which is being loosely referred to as the "Eastview Shopping Centre". This site is not in the Eastview neighbourhood or quarter section and it is recommended that this name should not be used. The name should either be the same as that to be selected for the Morrisroe quarter or a general name applicable for the Whole East Hill which it will serve e.g. "Easthill Shopping Centre".

Some thought should be given to the naming of the future subdivisions (neighbourhoods) in

- (1) N.E. ¼ 10 - Morrisroe
- (2) S.W. ¼ 9 - Bower
- (3) S.E. ¼ 10 - Anders

.....2

We would suggest the following -

- (1) Roebuck Heights or Highland Park.
- (2) Piper Heights or Spruce Park or Deerland.
- (3) Anderhills - Sherwood Park -Parkside.

Other possible names are attached.

Thought should also be given to names for four neighbourhoods in North Red Deer, one for the land below the hill and east of the highway, two for neighbourhoods on the hill to the East of the Highway and one for the neighbourhood on the hill to the West of the Highway. Suggestions for these are the following:

- (1) Below hill - Burnt Lake.
- (2) On hill - (where microwave tower is located) -
- Beacon Hill.
- (3) On hill - (to west of (2)) - Ashmount.
- (4) On hill - (to east of Highway) - Riverhills.

Yours truly,

Denis Cole,
Director.

4.

Gentlemen:

With reference to the sale by you to me of the eight and one half lots comprising the old curling rink property. Documents having been completed, I give you herewith at your oral request, my intentions with respect to how these lots will be dealt with by me.

That I or my assignees, intend to construct on six of the lots, premises which will comply, as far as building code requirements are concerned, a ten unit apartment house, which might cost in the neighborhood of \$60,000.00, provided that the N.H.A. will assist sufficiently in the financing thereof.

That in the event this intention above stated comes to a point of fruition the construction will be completed by the 31st of December, 1956.

All valid building code provisions, as far as construction is concerned, will be complied with, and all valid zoning provisions of the City will be complied with.

With respect to the remaining two and half lots, I intend to sell these to the Masonic Lodge Committee, who have assured me that they will commence the building of lodge premises this spring, costing in the neighborhood of \$60,000.00.

I will, of course, require in accordance with the agreement with you, that I be given title, clear of all encumbrances and subject only the conditions, exceptions and reservations contained in the existing Certificate of Title and the original grant contained in the existing Certificate of Title and the original grant from the Crown, to the said eight and one half lots forthwith, the \$8,000.00 having already been deposited with your solicitor, Mr. Kirby.

Yours very truly,
"M. Cunningham"

NOTE:

Agree to sale if assurance is given that the buildings will be completed by the end of 1954. J.A.B.

Re: Sale of 8½ lots to Curling Club for \$6,000

Mr. Cunningham paid or will pay the Curling Club \$8,000. It is understood that the lodge will pay \$2,500 for 2½ lots. This means that for the remaining 6 lots Mr. Cunningham will pay \$5,500. In view of the fact that he does not wish to proceed with building as per the city regulations, it is suggested we re-purchase it for say \$5,500 or \$5,750 (5% commission)

LETTER NO. 3

Red Deer, Alta.,
January 28, 1954

Mr. Denis Cole,
Director, R.D. Planning Commission,

Dear Sir:

I have your letter of the 26th and fully agree with the Council that the name "Sunnybrook" would be most appropriate for the land west of the creek. I also agree that the land east of the creek in conjunction with the V.L.A. should be given a single name. I wish to thank the council for having accepted my suggestion in the matter.

Yours very truly,
"Hugh Bower"

NOTE:

Suggest Area South of 39th Street and Waskasoo Creek, East of the Creek, West of 40th Avenue should be named SPRINGBETT.

(c) In case that changes are necessitated in the future by reason of further surveys of land or for any other reason the changes or additions so required shall be added to this by-law by resolution of the Council.

2. All dwellings and mercantile buildings in the City of Red Deer shall be numbered in accordance with the following general rule.

(a) Even numbers shall be placed on the north and west sides of streets and avenues and odd numbers shall be placed on the south and east sides of streets and avenues.

(b) Numbers shall increase from the south and East and shall have the number of the street or avenue immediately south or east as a prefix.

(c) There shall be one number allotted to each 25 feet portion thereof of frontage.

(d) The numbers shall be supplied and attached by and at the expense of the City.

(e) The numbers shall be placed in a prominent position and unless a more prominent position is available such as a porch or verandah, they shall be placed above the door.

(f) Schedule A to this By-law, being a List of the lots in the City with allotted numbers, is hereby incorporated into and made a part of this by-law.

(g) In case that changes are necessitated in the future by reason of further surveys of land or for any other reason, the Commissioners are hereby authorized and directed to enlarge the said schedule in accordance with the provisions of this by-law.

(h) If the necessity arises in the future the Commissioners are hereby authorized to change the number on any house or property.

2. By-laws numbers 429 and 1107 are hereby repealed.
