## Central Alberta Women's Emergency Shelter (Land Acquisition) Correction of Civic Address

Prepared by: Wade Martens, Land Coordinator  
Department: Land & Economic Development Department

### Report Summary & Recommendation

---

In the In Camera - Central Alberta Women's Emergency Shelter (Land Acquisition) report there was an error in the civic address for Lots 2-3, Block 48, Plan 6990ET. Administration recommends this error be corrected to ensure that the correct civic address is referred to within the Council Resolution.

### Proposed Resolution

---

Resolved that Council of the City of Red Deer having considered the report from Land & Economic Development Department dated July 5, 2021 re: Central Alberta Women's Emergency Shelter (Land Acquisition) - Correction to Civic Address hereby agrees to reconsider the following resolution from May 25, 2021:

Resolved that Council of the City of Red Deer, having considered the In Camera Report dated May 25, 2021 re: Central Alberta Women's Emergency Shelter (Land Acquisition) hereby directs Administration to enter into a Purchase and Sale Agreement with Central Alberta Women's Emergency Shelter in the amount of \$170,000 for 5312 47 Avenue (Lots 2-3, Block 48, Plan 6990ET).

If the motion to reconsider passes, the original motion would be back on the floor moved by Councilor Frank Wong seconded by Councillor Tanya Handley. The resolution would need to be amended to delete "5312 47 Avenue" and replace it with "5321 47 Avenue".

### Background

---

At the May 25, 2021 Council Meeting the following resolution was passed:

Resolved that Council of the City of Red Deer, having considered the In Camera Report dated May 25, 2021 re: Central Alberta Women's Emergency Shelter (Land Acquisition) hereby directs Administration to enter into a Purchase and Sale Agreement with Central Alberta Women's Emergency Shelter in the amount of \$170,000 for 5312 47 Avenue (Lots 2-3, Block 48, Plan 6990ET).

Within the Central Alberta Women's Emergency Shelter (Land Acquisition) Report there was an error in the Civic Address contained in the report. The address was captured as 5312 47 Avenue and should

have been 5321 47 Avenue. All other land descriptions were correct and accurate. This resolution needs to be reconsidered to ensure the correct Civic Address is captured within the resolution.

## Land Use Bylaw 3357/I-2021

### Create PSI – Post-Secondary Institution District and Apply to Red Deer Polytechnic lands

Prepared by: Orlando Toews, Senior Planner  
Department: City Planning & Growth

#### Report Summary

---

In response to direction provided by Council, the City Planning and Growth department has drafted a new land use district, *PSI – Post-Secondary Institution District*, to be applied to the Red Deer Polytechnic (RDP) lands (Appendix A). The district was created at the direction of Council and in consultation with Red Deer Polytechnic. The purpose of this district is to provide for the development of post-secondary education uses, related Public and Quasi-Public uses, and support services that demonstrate significant training and applied learning connections to one or more academic programs. The commercial uses in this District are intended to primarily serve and support the campus community.

Administration recommends Council give First Reading to Bylaw 3357/I-2021.

#### Proposed Resolution

---

That Bylaw 3357/I-2021 be read a first time.

If first reading is given, this bylaw will be advertised with a Public Hearing to be held on Tuesday, August 24, 2021.

#### Rationale for Recommendation

---

1. **The proposed PSI district is tailored to accommodate the development of post-secondary and other related uses on the Red Deer Polytechnic Lands.** The Red Deer Polytechnic lands are currently zoned *PS – Public Service (Institutional or Government) District*, which is applied to a number of sites throughout the city, such as school sites and public facilities. The proposed PSI district is tailored to the specific needs of Red Deer Polytechnic as it evolves as a polytechnic post-secondary institution.

2. **The proposed PSI district provides more flexibility for potential uses.** The proposed district prepares Red Deer Polytechnic for a growing and viable future as a key educational institute within the region.
3. **The PSI District is a balance of uses that support future growth and sustainability.** The PSI district is intended to provide for Red Deer Polytechnic's expanding post-secondary educational uses along with other support uses aimed at the campus community.

## Discussion & Analysis

---

### Background

The Red Deer Polytechnic lands currently contain a number of buildings and uses (Appendix B). At the centre of the Polytechnic is the main grouping of interconnected buildings that contain learning spaces, facility and administration spaces, the library, the performance arts centre and some student residences. Around this are standalone buildings include a number of student residences, the Bethany College Side facilities, and the Gary W. Harris Canada Games Centre.

The RDP lands are zoned PS – *Public Service (Institutional or Government) District* (Appendix C). The PS district is also applied to a broad range of other public use sites including the Westerner grounds, the hospital, recreation sites such as the Collicutt and Dawe Centres, and all school sites. The PS district's catch all approach and its limited commercial support uses is not a good fit for Red Deer Polytechnic as it prepares to grow and evolve as a polytechnic institution.

On July 9, 2018, after adopting Bylaw 3357/S-2018 to amend the *PS – Public Service (Institutional or Government) District*, Council passed the following resolution:

*Resolved that Council of The City of Red Deer having considered Land Use Bylaw Amendment 3357/S-2018 hereby directs Administration to bring back planning recommendations in 2019 of a future district to accommodate the evolution of the Red Deer College to a University.*

The timeline was extended by Red Deer Polytechnic and City Administration due to the Covid 19 pandemic in 2020.

Administration has worked collaboratively with Red Deer Polytechnic to prepare a new land use district specifically for the Polytechnic lands.

### Other Municipalities

Under the *Post-Secondary Learning Act* some institutions, specifically comprehensive academic and research universities, are not subject to Part 17 of the *Municipal Government Act* and all bylaws under that Part, including Land Use Bylaws, do not apply to them. This includes, among others, the University of Alberta, University of Calgary, and the University of Lethbridge.

However, all other post-secondary institutions, including Red Deer Polytechnic, are subject to the MGA in regard to land use. A review of other land use bylaws in Alberta indicates that municipalities that have post-secondary institutions typically accommodate some commercial uses, and these uses are to primarily serve the post-secondary institution.

### Financial Considerations

Financial aspects, such as lease revenues and property taxes, are not part of administration's land use planning considerations when preparing an amendment to the Land Use Bylaw. However, Council may take financial aspects into consideration in its decision making.

The proposed amendment may have financial impacts for The City as most land uses, including commercial type uses, on RDP lands are exempt from property taxes. Therefore, commercial uses that pay property taxes when located in a commercial land use district are exempt if located on post-secondary institution land.

The proposed PSI district includes size limits for certain non-academic uses. This ensures that these uses remain in an ancillary support role relative to academic uses. Given the size of the RDP population, particularly that portion living on campus, it is anticipated that most commercial uses will not grow to these limits, at least not in the short to medium term. Accordingly, administration anticipates the impact on property tax revenue would be relatively low and occur gradually over time as RDP grows. Based on assessment values of other commercial development in the south end of Red Deer administration estimates The City would forego approximately \$5.23/square foot of floor space in potential annual property tax revenue for commercial development on campus.

### Analysis

Post-secondary institutions do not exist in isolation; there is two way interaction between the institution and the broader community on educational, recreational, and cultural levels. At the same time the RDP campus is geographically large and in some ways may function as a community within the larger community. It has a large daytime population in the thousands, but only a relatively small population, in the hundreds, actually living on campus.

The proposed PSI district's General Purpose statement explains the essence of the district and illustrates how it is more tailored to the Polytechnic's unique situation than the PS district:

*The purpose of this District is to provide for the development of post-secondary education uses, related Public and Quasi-Public uses, and support services that demonstrate significant training and applied learning connection to one or more academic programs. The commercial uses in this District are intended to primarily serve and support the campus community.*

The primary academic uses are listed in the Permitted Use category and the Discretionary Uses list includes secondary uses that support those primary uses and the RDP population. Those

secondary uses that are situated within a Post-Secondary Institution building are permitted uses; however, if located in free standing buildings, they are considered to be discretionary uses. This allows the Development Authority more control over their siting and development standards.

In turn, these factors may influence the nature and scale of commercial goods and services that wish to locate on campus. Administration speculates that most commercial uses would cater to the daytime convenience needs of the people on campus. This may include restaurants, convenience retail goods, personal and health care; and these would be at a scale that reflects the size and nature of the customer base. As most of the RDP's population lives off-campus, that group would likely seek most other goods and services off campus. Therefore, given the proximity of the campus to existing commercial areas in the south end of the city, and the relatively small population living on campus, it is anticipated that the actual scale of on campus commercial development will be relatively small. Correspondingly, The City's potential loss of property tax revenue should also be relatively low. These revenue losses are offset by the positive impacts, economic and otherwise, the Polytechnic has on the city as the Polytechnic grows and evolves in the future.

#### Comparison of PS district uses and new PSI uses

Appendix D contains a side by side listing of the permitted and discretionary uses in the existing PS and proposed PSI districts. This table shows that the PS district is primarily focused on a range of public uses, such as recreational and community uses, but has limited commercial uses. The PSI district is focused on post-secondary uses along with commercial recreation, entertainment and service uses that serve the RDP community.

#### Dialogue

In addition to internal consultation with relevant city departments, administration sent the draft bylaw in March 2021 to 43 landowners within 100 metres of the subject land for review. No written comments were received.

Throughout the process administration has met with RDP representatives numerous times to discuss and prepare the proposed PSI district; RDP is in agreement with the proposed bylaw.

## Land Use Bylaw Amendment 3357/N-2021 Site Exception to allow a Drinking Establishment in C3 Commercial (Neighbourhood Convenience) District at 6017 – 54 Avenue

Prepared by: Matthew Goebel, Planner  
Department: City Planning & Growth Department

### Report Summary & Recommendation

---

Administration has received an application from Cheers Pub in Riverside Meadows for a site exception to accommodate an outdoor patio.

Cheers Pub has operated as a Drinking Establishment since 1987. An amendment is required to allow a Drinking Establishment in C3 Commercial (Neighbourhood Convenience) District. The amendment would allow Cheers Pub to permanently expand the Drinking Establishment through the creation of an outdoor patio.

Administration recommends that Council proceed with first reading of Land Use Bylaw 3357/N-2021.

### Proposed Resolution

---

Bylaw 3357/N-2021 be read a first time.

If first reading is given, this bylaw will be advertised for two consecutive weeks with a Public Hearing to be held on Monday, July 19, 2021.

### Rationale for Recommendation

---

**1. Responds to the pressures of the current public health crisis.**

As a result of current COVID-19 pandemic health restrictions, options for indoor service are limited. An outdoor patio will allow the business to expand future serving options once current restrictions are lifted.

**2. Historically, limited concern from the surrounding community.**

A review of Inspections & Licensing records indicates that no complaints or concerns have been submitted to Administration regarding Cheers Pub in the past.

**3. Aligns with City plans and policies, and current development trends.**

The site exception is consistent with policies found in the Municipal Development Plan (MDP) and Riverside Meadows Area Redevelopment Plan (ARP). Commercial development in mature neighbourhoods supports the efficient utilization of existing infrastructure. Other municipalities in Alberta allow Drinking Establishments as permitted or discretionary uses within comparable zones.

## **Discussion and Analysis**

---

### **Background**

The applicant, Cheers Pub, operates a legal non-conforming Drinking Establishment and is located in the northern portion of the Riverside Meadows neighbourhood at the northeast corner of 54 Avenue and 60 Street.

As a legal non-conforming use, Cheers Pub is unable to expand or alter the business. Cheers Pub has operated as a Drinking Establishment since 1987 and is located in C3 Commercial (Neighbourhood Convenience) District. This district does not list Drinking Establishment as a permitted or discretionary use.

The amendment request will enable the applicant to apply for an outdoor patio development permit at the front of the business in the existing parking lot associated with the business.

Surrounding properties to the east, south, and west are a mix of C3 Commercial and DC (13). DC (13) allows a blend of small scale commercial and residential uses including live-work developments. A2 Environmental Preservation District is to the north (See Appendix A).

In 2021, Cheers Pub applied for a development permit through the Seasonal Patio Program for an outdoor patio as an addition to the Drinking Establishment and began construction on an outdoor patio. Cheers Patio has repositioned to operate as a Restaurant temporarily on the patio. A Restaurant is a Discretionary Use in the C3 Commercial (Neighbourhood Convenience) District. In order to allow permanent expansion of the Drinking Establishment at this site, a site exception must be obtained by Cheers Pub.

### **Analysis**

No formal complaints have been submitted to the Inspections & Licensing department regarding Cheers Pub since starting operations.

Options for indoor service have previously been limited as a result of the pandemic. A patio will allow the business to remain flexible in the event of any potential future changes to indoor service.

The application is compliant with the Municipal Development Plan, and other applicable plans (See Appendix B).

Commercial development in mature neighbourhoods supports the efficient utilization of existing infrastructure. Maintaining the economic viability of existing businesses in mature neighbourhoods provides commercial options for nearby residents.

Other municipalities in Alberta allow Drinking Establishments as permitted or discretionary uses within comparable zones (See Appendix C):

- The City of Medicine Hat allows Bars as a discretionary use in Neighbourhood Commercial District (C-N)
- The City of Lethbridge allows Entertainment Establishments as a discretionary use in C-N Neighbourhood Commercial
- The City of Grande Prairie allows Drinking Establishment, Minor as a permitted use in Local Commercial District – CL

### Dialogue

The application was circulated to various City departments for review. All comments have been incorporated into the proposed bylaw.

An information package was sent to landowners within 100 m of the site. In total 82 letters were mailed. The following table summarizes feedback from six written responses received. Administration provided responses to each comment as they were received by email or phone conversation (See Appendix D).

Summarized Landowner Comments	Administration Response
Concerned that the outdoor patio would increase the amount of noise experienced by nearby residents.	The Community Standards Bylaw can be enforced for noise complaints, and conditions and/or patio permit conditions. There is an existing condition for the Restaurant patio limiting operating hours to between 10:00 am and 9:00 pm.
Concerned with the potential for increased traffic and speeding in the surrounding area.	Administration believes that potential traffic increases in the area as a result of the outdoor patio will be minimal as Cheers Pub is not the only commercial property in the surrounding area. Administration has captured feedback on speeding concerns in the area for further review.
Concerned with rough sleeper camps to the north of Cheers Pub and people experiencing homelessness in the surrounding area. Concerned with proximity to The Mustard	This is a challenging issue with many sources and processes to report for clean up are in place. The solution for this issue is complex

Seed. Concerned with the potential for increased crime in the area.	and will not be found through consideration of this site exception application.

Municipal Development Plan (MDP)

## 6.2 Creating a Positive Business Environment

The City should foster a competitive business climate through policies and actions that help maintain competitive operating costs and streamline approval processes and timelines.

## 10.9 Infill and Intensification in Established Neighbourhoods

Intensification shall be encouraged in established neighbourhoods through residential and mixed use infill projects where there is adequate capacity in major municipal infrastructure and in accordance with the infill guidelines referred to in Policy 10.10, unless otherwise determined through an approved area structure plan or area redevelopment plan.

## 12.7 Location of District and Neighbourhood Convenience Commercial Sites

The City should support the development of neighbourhood convenience commercial sites in select locations on major arterial and collector streets. Care shall be taken to choose sites which will minimize land use conflicts with nearby residential properties by at the same time, provide convenient access to neighbourhood patrons.

Northwest Major Area Structure Plan (MASP)

## Objectives

- 1) Encourage the integration of a variety of residential and commercial uses that are well designed and compatible with the neighbourhood.
- 3) Encourage the enhancement of all properties.

Dialogue

Applicant Rationale

Matthew please see brief statement on why a patio should remain for Cheers Pub

## **Cheers Pub has been in the same location Red deer since 1985**

- Since Covid hit our business has been hit hard
- When temporary patios were being granted we took advantage only for a short time and it was a tremendous help to keep us afloat and the response and culture around the pub area we noticed a definite change for the better
- Many business in Red Deer have patios and Cheers should be granted permanent patio status as the area need further development and thus far has had a positive impact for the area of riverside.
- Not ever any noise complaints directed at Cheers pub
- No extra traffic complaints
- Patio gives the area an eyes on approach having notice less undesirable activity
- It adds a sense of neighbourhood in the small business core we have
- We have had many people stop in to say what a great job we have done from customer and just neighbourhood residents walking by
- Adds a sense of security to the area with an eyes on approach
- We have had less foot traffic in behind the bar in the trees area because I believe and others believe that because the patio is there people are taking notice

**Re: A site exception to allow a Drinking Establishment in C3 Commercial (Neighbourhood Convenience) District, Cheers Pub.**

---

**Why have you received this letter?**

You are being notified of a proposed amendment to the Land Use Bylaw (Bylaw 3357/N-2021). As part of the City's overall evaluation process, landowners within 100 metres of the site are provided with an opportunity to review and comment on the proposed amendment. As you are a landowner within 100 metres of the subject site, you are invited to review and provide comments on the proposed amendments by **Wednesday, June 2, 2021**.

**What is being proposed?**

The City Planning & Growth Department has received an application to amend the Land Use Bylaw at 6017 54 Avenue (Lot 1-6, Block 21, Plan 7604S) to allow a Drinking Establishment in C3 Commercial (Neighbourhood Convenience) District, the current site of Cheers Pub.

Cheers Pub is currently a legal non-conforming drinking establishment. This site exception would bring Cheers Pub into conformance with the Land Use Bylaw (LUB) of The City of Red Deer and allow the business to construct an outdoor patio on site.

A location map, land use map, and the C3 land use district are attached to this referral package for context.

**Do I have to provide comments?**

It is optional to provide comments. If you would like to submit comments, please do so by **4:30 PM, Wednesday, June 2, 2021**. Methods for submitting comments are outlined in the attached comment sheet.

**What will happen if I submit comments?**

All comments received will be reviewed by City of Red Deer City Planning & Growth staff. They will be incorporated into the report that will be presented to Council when they consider First Reading of the proposed amendments.

CITY PLANNING & GROWTH DEPARTMENT

**What is the next step for this amendment?**

It is anticipated that the proposed bylaw will be presented to Council for consideration in the coming months. If Council gives First Reading to the proposed amending bylaw, Council must hold a Public Hearing prior to considering Second and Third Reading (adoption) of the proposed bylaw. Public Hearings are advertised in the Friday edition of the Red Deer Advocate and all landowners within 100-metres of the site will also receive written notification of the Public Hearing. The Public Hearing is an opportunity for the public to speak directly to Council about any concerns they may have with the proposed bylaw.

Thank you for your consideration in this matter. Please do not hesitate to contact me if you require additional information or clarification.

Sincerely,

### External Referral Responses

Thank you for the opportunity to provide feedback regarding the Cheers Pub construction of an outdoor patio.

We have only one concern about the noise level of music and loud patrons affecting the quiet of our homes. Otherwise we see no problem with the construction of the patio.

### General Comments

1. The neighborhood selected for this establishment is basically a low income one.
2. It would be across the street from a charity organization that caters to the homeless and street people by providing meals to them & other comforts. These people the proposed business could influence.
3. This type of business has the potential to draw the criminal element & dangerous substance abusers.

## CITY PLANNING &amp; GROWTH DEPARTMENT

I don't know any other residential area in the city of Red Deer where this type of business is located as such, nor even considered.

We don't need to build potential high crime hangouts in residential neighborhoods close to schools and playgrounds & parks.

Low income citizens have every right to feel safe in their districts as other people who can afford to live away from the downtown core.

I am definitely opposed to this change to this application in the best interests of Red Deer city.

Yours truly

A. J. Richards

### General Comments

We moved to this area of the city to enjoy  
the local amenities within walking distance.  
Cheers Pub is one of the attractions. It's  
been established for longer than this building  
existed. These are difficult times and  
we have no objection to the patio addition.  
We have existing laws about noise. Vagrancy

is another issue, but that is an issue for  
all.

I wish there was a solution to homelessness  
other than hard love but that's not for  
Cheers Pub to resolve.

We hope to see Cheers Pub survive the  
Pandemic.

MY WIFE + I LIVE ON THE SOUTH WEST SIDE  
OF THE VIEWS OF ST JOSEPH CONDOMINIUMS  
AND WE SUFFER THE EXTREME NOISE COMING  
FROM THE PATRONS OF THE CHEERS BAR, ESPECIALLY  
AFTER CLOSING. THE SCREECHING OF TIRES, MOTORS  
BEING REVED TOO HIGH + SPEEDING OF LOUD MOTORS.  
WE THINK IT WOULD BE A MISTAKE TO ALLOW  
THIS TO GET LARGER. WE ALSO SUFFER THE  
LOUD SWEARING FROM THE PEOPLE WHO SLEEP  
ILLEGALLY IN BUSH JUST TO THE EAST + NORTH  
OF CHEERS WHICH THE CITY COUNCIL + POLICE  
SEEM TO IGNORE. PLEASE DON'T LET THIS GO  
THROUGH IT. WE JUST RECENTLY HAD A FIRE IN  
SAID BUSH AREA AT 8.00 P.M. IF THIS HAD  
HAPPENED IN THE EARLY A.M. PEOPLE COULD HAVE  
BEEN HURT NOT TO MENTION THE DAMAGE TO  
OUR BUILDING + CARS PARKED ON THE STREET.  
LOSE THIS BUILDING AND YOU COULD LOSE  
\$150,000.00 IN TAXES.

SINCERELY

### General Comments

At present There is a lot of noise from  
vehicles especially at night. A drinking  
establishment would have increased Traffic late  
after closing. An increase in Traffic's noise  
would be very undesirable for persons living  
Just above this establishment.

we dont have any real objections to the patio, they  
did a nice job. We wonder about noise though?  
will they adhere to noise bylaws (7-11pm). It is  
noisy. Especially on the patio we had noticed  
when it was open. This is no way a complaint  
against Cheers, it is a bar, it is loud.  
We notice it but it isnt often disruptive. We

did notice increased noise with the patio open.  
It has ~~been~~ not been disruptive yet but with  
restrictions <sup>they</sup> were closed early anyhow. Our  
issue would be noise levels after the bylaw  
times. Would they be serving and allowing people  
on the patio until <sup>bar</sup> close? Would the patio only  
be open certain hours?
