

Enbrook Villa Sandgate
May 8/14.

My Dear Boys:-

Daddy and I were glad to get your letters and to know you both are enjoying school so much this term. I have no help still and am kept very busy but hope to soon have some one.

Do you remember Frank Wright who was working on our house with the plumbers. Well he is reported killed in action to-day.

This morning I had a letter from Mrs Sharman. Hall and is at school in Calgary. (boarding school). Mr Sharman is at Bramshot. No more nikes and children are allowed over.

Sister Fay too sent a little

parcel down here for Billie. We
must remember to thank her.
Her address is Sister Layton

Shorncliffe Military Ho.
Shorncliffe.

She sent it to Billie because it
had just arrived from Canada

Margo calls for you - She
wonders where you have gone.

Capt Blackett leaves for
France to-day -

Heaven and Paddy send love.

Your loving
Mother.
