

Brown -  
Edgo -

Mr. Beveridge

AGENDA

For meeting of the Council to be held  
in the Council Chambers on Monday,  
September 8th, 1952 at 7:30 p.m.

Present:

Beal Thayer - Jacobs

1. Confirmation of minutes of the regular meeting of August 26, 1952.
2. Court of Revision re Voters' List - set for 8:00 p.m.
3. Unfinished Business:

1. Douglas Snider's application to construct apartment block on lots 3 & 4, Plan K.2, 43rd St. *Left over because we wished to trade proprietors*
2. Red Deer Motors Sign - location. - OK *Upraise back so that leading edge is even with the highway sign. City must cut a few trees*
3. Land Sale Report by Building Inspector. *East council meeting*
4. Stewart Petroleum - Review of post correspondence. *Wish to point out that at the time Stewart Pet took over town city assets the city did give them to understand that a business of that type would be alright. Draw attention*
5. Red Deer Brewery - The Brewery wishes to connect to the Municipal water & Sewerage systems. Water required - 20 G.P.M. Sewer Discharge = 1400 to 1800 persons per day (batch discharges). Result: Overloading of sewerage system will occur during flash floods. Recommend: (1) Stop storm water from entering sanitary sewers, OR (2) Install a relief sewer. A final solution to the problem will only be reached when a separate storm sewerage system is installed in the central area of Red Deer. *Salary to be paid Mr. Lawson*

Understand

Table until

fact, plan any up to date plan

water supply

4. Correspondence:

1. City of Calgary Re: Cigarette vending machines.
2. City of Edmonton Re: Fire Training School. *OK*
3. Fred W. Horn Re: Proposed purchase of land. *Mr. Tom - issue done and done. Fire No - 1000. Inspection of bldg. more thorough. Same hydraulic in school area - poor condition.*
4. Director-Civil Defence Re: St. John Ambulance Ass'n-financial Assist. ✓
5. Recreation Commission Re: City Square playground, sidewalk, lighting & parking - new arena site, 2 open air rinks at old arena site.
6. Minister of Highways Re: Prov. highway from R.D. to Stettler. -
7. Whyte Motors Ltd. Re: Reserved space for wrecker. *30' strip*

5. By-Laws:

1. 1661 - Debenture by-law for waterworks program-1952 - 2nd & 3rd readings. -
2. 1662 - " " " sewer construction program-1952-2nd & 3rd readings. -
3. 1663 - " " " sidewalk & paving program-1952-2nd & 3rd readings. -
4. 1675 - Transfer by-law - 3 readings.
5. 1676 - Agreement by-law - 3 readings. Land Sales as follows:

Name	Lot	Block	Plan	Purchase Price	Floor Area
James & Margaret L. Gaetz	27-28	3	4516AC	360.00	800 sq. ft.
Wm. and Jean Alma Zimmer	19	6	to be Reg.	367.00	720 "
Alton Bros.	15-16	5	3586AE	360.00	720 "
"	17-18	8	3586AE	360.00	"
"	19-20	8	3586AE	360.00	"
"	21-22	8	3586AE	360.00	"
"	23-24	8	3586AE	360.00	"
"	25-26	8	3586AE	360.00	"

- Welfare  
- Organizations

R. Nelson  
On Hill

LETTER NO. 1

City of Calgary,  
September 3, 1952.

His Worship the Mayor,  
City of Red Deer.

Dear Sir:-

Our Council has been requested to approve an application for permission to operate cigarette vending machines in Calgary.

Up to the present time these machines have been prohibited on the grounds that it would not be possible to control the use of the machines by minors. In addition, it is argued that their use would cut in on the business of the smaller merchants who are required to pay a business tax in addition to the license fees for selling tobacco products.

Would you be good enough to advise me whether or not you permit cigarette vending machines to operate in your city and if so, what license fee is charged and what regulations are in effect with respect to supervision of their use by minors, locations at which they are permitted and any other pertinent information which might assist our Council in dealing with the problem.

Thanking you in advance in anticipation of your co-operation and an immediate reply in this matter, I am,

Yours very truly,  
City Clerk.

---

LETTER NO. 2

City of Edmonton,  
September 3, 1952.

Fire Chief W.N. Thomlison,  
Fire Department, Red Deer.

Dear Chief:-

I regret the delay in answering your letter of August 25th relative to attending our training school, but am pleased to provide the following information.

The Training School is open to anyone--there is no charge, but room and board is not provided. The period of training is three weeks and it is necessary for each trainee to sign the attached agreement.

We are hoping to start a course on September 6th, and will certainly do so if we are successful in securing sufficient men. If you plan to attend, please let us know how we might reach you by telephone. If you are unable to attend the course starting September 6th, the next course will start three weeks from that date and we do not plan to accept any applicants for training during a course.

Trusting this is the information you desire,

Yours very truly,  
W.H. Ferguson, Chief.

---

LETTER NO. 3

Red Deer, Alta.  
Sept. 2, 1952.

City Commissioner,  
City of Red Deer.

Dear Sir:-

In the spring I called on the Council regarding the purchase of 5 lots on Gaetz Ave. south.

It would appear that the council asked the Mayor to meet with me and try and find another location. This has been done and several locations were looked at, most of these were too small or were not suitable for other reasons.

As I have not heard further from you regarding this site or an alternative location may I have an interview with the Mayor and Council at the next council meeting.

Yours very truly,  
Fred W. Horn.

LETTER NO. 4.

Red Deer, Alta.  
September 5, 1952.

The Mayor and Council,  
City of Red Deer.

Gentlemen:-

I have received a letter from the St. John Ambulance Ass'n. in connection with their current drive in Alberta for funds with which to carry on their work.

In Civil Defence Training we are indebted to the Association for qualified instructors in Basic 1st Aid Training, for the sections which need this training.

The Provincial Civil Defence Committee stresses the need for undertaking this training, and completing it by June 30th, 1953. It further stresses the need of advanced 1st Aid Training classes for Civil Defence Volunteers.

For these reasons I respectfully recommend that consideration be given to the Association's request for financial assistance.

Yours respectfully,  
R.C. Lister,  
Director, Civil Defence.

---

LETTER NO. 5

Red Deer, Alta.  
Sept. 5, 1952.

The Mayor and Council,  
City of Red Deer.

Gentlemen:-

Following the recent meeting of the Red Deer Recreation Commission I have been instructed to bring these matters before you for your consideration:

(1) City Square Playground. It is suggested that fence be removed from around the wading pool and fence be constructed along Ross St. and 48th Ave. Such a move would make play area more accessible to children, would be more protection from traffic and at the same time would enable us to supervise the area with one supervisor instead of two (as was the case this year). Such a change would not have to be implemented until next spring. *Yes - Cost*

(2) That consideration be given to improving sidewalks, lighting, and parking in new arena site. (Since Commission meeting I have been given to understand that Council already has this matter in hand.) ✓

(3) That 2 open air rinks be retained at the old arena site similar to last winter. The Commission feels that even with the new arena ice demands will be so great that these rinks will again be necessary.?

Your consideration of the above suggestions would be appreciated.

Yours truly,  
C. Jarvis Miller,  
Secretary, Red Deer Recreation Commission.

---

LETTER NO. 6

Minister of Highways,  
Edmonton, Alta.  
August 29, 1952.

Mr. George A. Nechkin,  
City Clerk,  
Red Deer, Alta.

Dear Sir:-

Further to Mr. Frame's letter of July 4th, in which he acknowledged receipt of your letter dated June 27th, in which you advised that the Council of the City of Red Deer wholeheartedly endorsed the resolution previously passed by the Municipal District of Lacombe, in which the Department of Highways was requested to establish a provincial highway from Red Deer to Stettler, may I advise as follows:

This Department cannot accede to your request at this time. I feel that our first responsibility in the construction of Main Highways today is to raise to present highway standards all main arterial highways in the Province. Until this is done, I deem it very unwise to take District Highways into our Main Highway network. In addition, the central part of the Province today is comparatively well served with east and west highways and we must share our highway construction program with many of the more far-flung areas of the Province rather than concentrating our highways in one area.

Thanking you for your representations and trusting you will understand our position, and with kindest personal regards, I remain,

Sincerely yours,  
Gordon Taylor,  
Minister of Highways.

LETTER NO. 7.

Whyte Motors Ltd.  
September 5, 1952.

City Council,  
Red Deer, Alta.

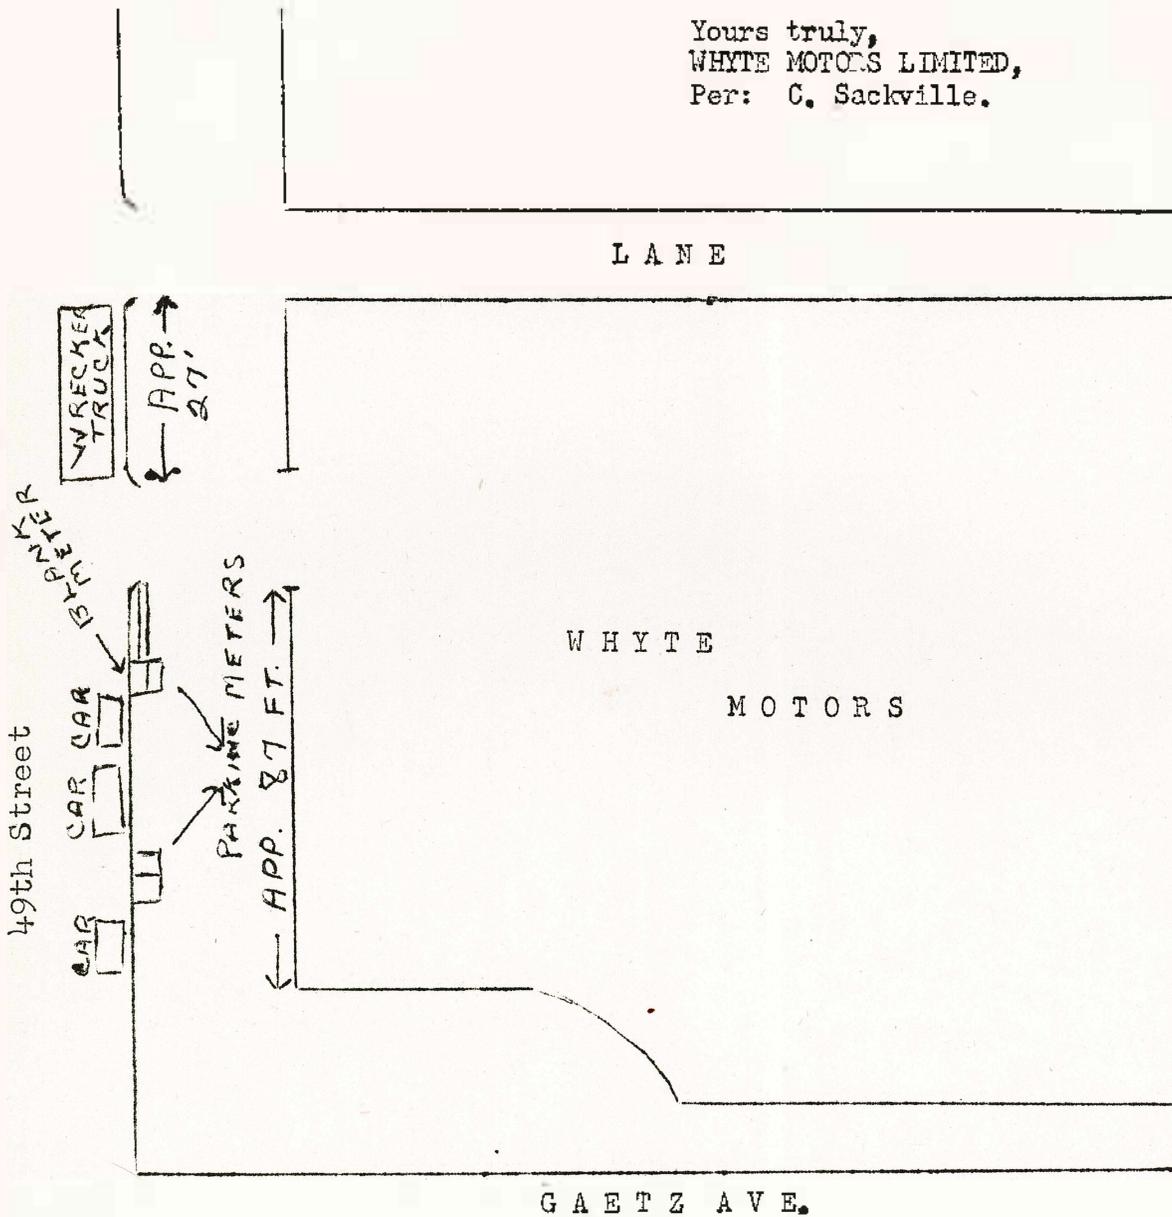

Dear Sirs:-

We would ask to be able to reserve for the use of our wrecker truck, the space shown on the rough map enclosed between the side entrance of the garage and the lane. This space is approximately 27 feet.

With your permission, a portable sign that would be taken in each night, or by painting the sidewalk curb which would designate this as reserved space would be greatly appreciated.

Thanking you for your kind consideration, I remain,

Yours truly,  
WHYTE MOTORS LIMITED,  
Per: C. Sackville.

FIRE DEPARTMENT REPORT

September 3/52

His Worship the Mayor,  
and City Council.

Gentlemen:

I wish to report that during the month of August, 1952 the fire department answered 3 fire calls.

Aug. 11th 9:35 AM Call came in from Park Hotel, truck and 16 men turned out. Fire had started in grease pan on stove in kitchen, but was extinguished by employees before dept. arrived, no damage.

Aug. 14th 11:00 AM Call came in from 5313-47 Ave. stating there was smoke coming from hot air register, sent No. 10 truck and 2 men over, no fire, smoke was caused by water pan on furnace going dry and overheating. Siren wasn't turned on. No damage.

Aug. 16th 11:05 PM Call came in reporting burning oil barrel behind Red Deer Iron Works, truck and 17 men turned out, fire was just garbage burning in barrel used for incinerator and endangered no building or other property around it. No damage.

The Fire Dept. held its regular Tuesday night practises with an average attendance of 17 members.

Respectfully submitted,  
W. N. Thomlison,  
A/Fire Chief.

LAND SURVEYING - COMMISSIONERS' REPORT

Porposal: To send Mr. J. H. McKinnon, City Land Surveyor, to the School of Technology and Art in Calgary from September 28/52 to May 30/53

Reason: Further training in land surveying and draughting,

Balance Sheet

Debit:	8 months @ 210.00 per month =	\$1890	Total Debit	\$1890
Credit:	Running Levels - 1 day per week =	344		
	Recording Water & Sewer Lines Constructed			
	During 1952 - 1 day per week =	344		
	Forego one week's holiday 1952	50		
	" " " " 1953	50		

Will agree to work 12 months upon return to City for present wage of 210 per month instead of 265 or more he would be entitled to.

12 months @ 55	660	Total Credit	\$1448
	<u>\$1448</u>		

Balance

Wages - \$1890	Work and other savings to City	\$1448	
	Grant by City	442	- Take out
		\$1890	

- Note: 1. Mr. McKinnon has worked as a surveyor and draughtsman for the City for 2 years at labourers wages.  
2. The above figures do not include work Mr. McKinnon will do during Christmas and Easter holidays.

Mayor remarked

① why should we send Mr. McKinnon - CITY COMMISSIONERS.   
 only man that can relate past & present situation Mr. Snell who did a surveying who   
 - No Surveyor   
 A commission is a person.

Mr. Snell authorized me to state that he is wholeheartedly in support of the program. Reasons fairly obvious

② Recommend it otherwise you will simply lose him & replace someone at 300 to 320/month

③ Recommend - No outright grant of 442  
- Time card reports  
- Written agreement

④ Problems of precedent can only be disregarded on basis of difficulty in obtaining such a man.

RECREATION COMMISSION  
Summary of Activities- August, 1952.

Sept. 3, 1952.

Baseball & Softball:

Attempt made to complete Bantam Playoffs (local) in August but too many players still on holidays and lack of interest forced cancellation.

No action taken on Builder's Hardware Juvenile protest. Provincial officials admitted legality of Red Deer protest but finally cancelled all playoffs due to polio. Protest money refunded to Red Deer Club.

Red Deer Elks two games up on Lethbridge Miners in Provincial Senior Men's Baseball Finals. Final game or games to be played in Lethbridge on September 7th. Elks also engaged in semi-final of CABL; at present are one game down to Stettler in this series. Winner will play Eckville for league title.

Innisfail Ladies won Askin Trophy in Main Line Ladies' Fastball.

Lawrence Rockettes dropped out of Provincial contention due to injury to key players.

City Men's League now engaged in playoff for city title.

Swimming:

Pool operated 17 days during the month showing an attendance of 2184 (this includes Lacombe and P.T.S. attendance). Drastic drop in attendance last week of operation coupled with polio scare influenced decision to close early.

Wading pool operated 13 days and only showed an attendance of 291 for that time.

52 youngsters finally qualified for Advocate "Learn to Swim" Crests.

Catalina Club held swim gala on August 12th. Not too many children appeared for the races but a crowd of approximately 250 really enjoyed the show.

Lacombe used pool for swim instruction six times during the month, with a total attendance of 253. P.T.S. used the pool 4 times during the month.

Private swim lessons terminated on August 7th.

Playgrounds:

A highly successful season came to an end on August 30th with an attendance of 16917 for the month. Monthly attendance is shown in first column with season attendance in second column.

City Square	1460	3505
Michener Hill	1213	2191
Mountview	2258	4509
North Red Deer	3498	6091
Parkvale	1134	2044
South Hill	1806	3642
Waskasoo	3245	6729
West Park	2303	3771

Total attendance of 32,482 for summer works out to attendance of 40 per session in comparison to total of 28,771 last summer and session attendance of 36. Parkvale and Michener Hill have only operated half time but increased attendance would point to need for full-time supervision another year.

Only two inter-playground ball games were played early in the month- supervisors reporting reluctance of parents in having their children attend other playgrounds for fear of polio. In spite of this local activities were very well attended and with few exceptions programme was followed as laid out in bulletin. Penny Carnival was one of highlights of August programme and brought out large numbers of adults.

687 adults visited playgrounds during the month, a total of 1207 for the summer.

Movies were shown on 4 larger playgrounds and reception was excellent, approximately 300 attending. It is hoped to extend films to all playgrounds next summer.

Miscellaneous:

Total of 1566 children on registration file at Commission Office.

Effort is made to register all youngsters who use our facilities but a considerable number attend who are not registered.

Summer equipment now in storage until next year.

Six meetings held in Commission Office during the month.

Next Recreation Commission meeting on September 4th at which time fall and winter programme will be discussed.

Respectfully submitted,  
C. Jarvis Miller,  
Secretary.

Recreation Commission Meeting - City Hall, Sept. 4, 1952.

Present were: C. Anderson, C.H. Ward, H. Gilchrist, Miss A. Olson, A. Goodacre, Dr. W.D. Parsons, P. Crawford, Mrs. T. Foster, Dr. W.A. Carter, B. Woodrow, T. Cornett, B. Holmes and C.J. Miller.

E.B. Gish, B. Bourk, I. Kaila, J. Lampard were absent from the meeting.

Meeting opened at 8:15 p.m. with Dr. Carter presiding. Minutes of previous meeting were adopted as read.

The Secretary reported that as yet the Kinsmen Club had taken no action on the question of obtaining old high school skating rink.

Discussion took place re suggestion in July report of changes at City Square playground. It was felt that removal of fence around wading pool and installation of low fence along Ross St. and 48 Ave. would provide a more suitable play area and at the same time make it possible to operate the grounds with one supervisor. On motion of Parsons and Ward the Secretary was instructed to write City Council re this suggestion.

On the matter of boxing classes for the coming winter, Messrs. Anderson and Miller were appointed as a committee to investigate possible buildings suitable for holding classes. Motion of Holmes and Gilchrist.

The matter of decentralization of Health & Recreation Classes was discussed at considerable length and it was the feeling of the meeting that Secretary investigate possibilities of this. Motion of Anderson and Cornett. Among centres suggested were Mountview School, Alliance Church (North Red Deer), Sacred Heart School (Waskasoo). Messrs. Ward and Anderson were appointed to assist Secretary in selection of suitable locations for the classes.

In the matter of Rugby Football in the Junior High it was felt that assistance should be given if sufficient interest is shown. The Secretary was instructed to purchase an additional dozen helmets if coaches can guarantee large enough turnout for a three-team league. Motion of Cornett and Parsons.

Dr. Carter was appointed delegate to annual A.A.H.A. meeting in Calgary on Sept. 27th.

Secretary instructed to write letter to St. Johns Ambulance Association endorsing suggestions made in their letter.

On motion of Holmes and Ward Secretary was instructed to contact City Council re matter of adequate provision of sidewalks, street lighting and parking at the new arena site.

On motion of Woodrow and Goodacre Secretary requested to contact City Council re need for retaining two open air rinks at old arena site.

The matter of organization of figure skating club was left in the hands of Tom Cornett. The meeting gave Mr. Cornett reasonable assurance of ice time in the new arena for such periods as would be convenient for travelling instructor.

Figures were presented to the meeting giving estimated costs for operation of juvenile hockey and junior baseball. Secretary was instructed to write Red Deer Brewery and Buffalo Association in Calgary to obtain their reaction as to sponsoring these clubs.

Report of Catalina Swimming Club was read to the meeting and adopted with thanks.

On the suggestion of Mr. Ward the Secretary was requested to write the Memorial Committee setting forth requested times for use of the gymnasium for the coming winter.

H. Gilchrist was requested to look into the matter of the proposed toboggan slide and report back at the next meeting.

Meeting adjourned at 10:45 p.m.

C. Jarvis Miller,  
Secretary.

POLICE COMMITTEE MINUTES

September 2/52.

Minutes of the regular meeting of the Police Committee held in the Mayor's Office on Tuesday, September 2, 1952. The meeting opened at 1:35 p.m. with Alderman Sim in the Chair. Others present were: His Worship the Mayor, Sgt. Johns and Cpl. McGregor and Messrs. Lawson and Beveridge, with Geo. Nechkin acting as Secretary.

Moved by Mayor Crawford and seconded by Sgt. Johns that the minutes of the last meeting be adopted as read.

It was agreed to recommend to the City Council that the by-law dealing with shrubbery obstructing the view at intersections be amended to read "Three feet high from the crown of the road". At present the by-law merely states that the shrubbery should not exceed three feet in height, not stating where the measurement is to be taken from.

The matter of legal liability resulting from any accidents subsequent to the erection of a fence on the north side of the river between the traffic and the C.P.R. bridge should the same be erected by the City, was again brought up and as no reply had as yet been received from the Solicitors on this matter, the Secretary was instructed to contact them again with a view to obtaining this opinion as soon as possible.

Regarding the part time parking regulations existing now in front of the theatres, it was decided to recommend to the Council that these areas be designated as "No Parking at any Time". It was decided ~~not~~ to make any special provisions with regard to parking or parking meters in front of the Post Office. The general regulations in other business sections of the City are to apply. The Secretary was instructed to advertise in the local press that the parking meter regulations will be enforced as from 9:00 a.m., Monday, September 8, 1952.

The Commission expressed themselves as opposed to the proposed programme of Stewart Petroleums on the property adjacent to the south end of the bridge as that creating potential traffic hazard.

It was agreed to recommend to the Council that the blinker light situated at the north end of Gaetz Ave. should be located further north so as to give warning to the motorists before they start going down hill as it was felt that its present location did not give a warning soon enough. It was also recommended that the present location of speed limit signs at the City limits be checked into with a view to improving their visibility.

It was recommended that the City Engineer check the present arrangement of stop signs at the intersection of 54 Ave. and 59 St. It was thought that the arrangement could be improved upon.

It was agreed to recommend that stop signs should be erected at exits from all City parking lots now existing or those planned.

It was agreed to recommend the ordering of 24 meter-head canvass bags with two metal cyclets for locking and "No Parking" stenciled on the outside.

The Parks Department is to be asked again to trim the hedge on the south-west corner of the City Square as its present condition is a traffic hazard. The Public Works Department is to be asked to grade the street next to the curb in front of the curling rink so that cars cannot climb the sidewalk and during the winter to keep snow cleared away from the curb to prevent it from building up a ramp to the sidewalk, enabling the cars to mount the sidewalk without noticing it.

The temporary traffic regulations were approved as recommended, with the exception that Section 7 dealing with 10 minute parking in front of the Post Office being struck out.

A letter was received from the Chief Provincial Bridge Engineer, Mr. L.G. Grimble, advising that it will not be possible to put any additional sidewalks on the outside of the present traffic bridge so as to allocate the present walks for bicycle use. The letter was ordered filed.

W.D. Grant's report re the traffic count and recommendations in connection with traffic control in the City, was read and the following of his recommendations were approved:

— 1. That no traffic lights be installed at the intersection of Gaetz Ave. and 49th street.

— 2. That no left turns be allowed at the intersection of Gaetz and Ross.

— 3. That a better advance notice of traffic signals at the above mentioned intersection be provided.

4. Regarding his suggestion, No. 2., that additional signal heads be installed at Gaetz and Ross Intersection, it was felt that if this was possible with our present equipment on hand that the matter should be gone into with Mr. Mills of the Electric Light Department. It was thought that a warning sign re "Traffic Signals Ahead" be done in Skotch-lite.

The meeting adjourned at 4:40 p.m.

GEO. A. NECHKIN,  
Acting Secretary.

- 9 -

TEMPORARY TRAFFIC REGULATIONS

September 30/52.

The following temporary traffic regulations are hereby authorized:

1. All vehicles shall stop before crossing the south edge of the road allowance of Ross Street when entering Ross Street from the south on 48th or 49th Avenues.
2. No vehicle shall be parked on 49 Ave. within 20 feet north of the north side of the road allowance of Ross Street on east or west side of 49 Ave.
3. No vehicle shall be parked on Ross Street:
  - (a) Within 35 feet west of the east boundary of Block 17.
  - (b) Between 71 feet and 100 feet west of the east boundary of Block 17.
  - (c) Within 65 feet east of the west boundary of Block 17.
  - (d) Within 40 feet west of the east boundary of Block 11.
  - (e) Within 34 feet east of the west boundary of Block 11.
  - (f) Within 30 feet west of the east boundary of Block 18.
  - (g) Between 180 feet and 230 feet west of the east boundary of Block 18.
  - (h) Within 35 feet east of the west boundary of Block 18.
  - (i) Within 70 feet west of the east boundary of Block 10.
  - (j) Within 40 feet east of the west boundary of Block 10.
4. No vehicle shall be parked on Gaetz Avenue:
  - (a) Within 20 feet north of the south boundary of Block 19.
  - (b) Within 27 feet south of the north boundary of Block 19.
  - (c) Between north and south boundaries of Block 18.
  - (d) Within 157 feet north of the south boundary of Block 17.
  - (e) Within 27 feet south of the north boundary of Block 17.
  - (f) Within 25 feet north of the south boundary of Block 16.
  - (g) Within 20 feet south of the north boundary of Block 16.
  - (h) Within 93 feet north of the south boundary of Block 9.
  - (i) Within 26 feet south of the north boundary of Block 9.
  - (j) Between north and south boundaries of Block 10.
  - (K) Within 253 feet north of the south boundary of Block 11, except for the purpose of fueling at the gasoline pumps of Northwest Motors.
  - (l) Between 271 feet and 294 feet north of the south boundary of Block 11.
  - (m) Between 330 feet and 353 feet north of the south boundary of Block 11.
  - (n) Within 56 feet south of the north boundary of Block 11.
5. No vehicle shall be parked on 49th Street:
  - (a) Between 130 feet and 118 feet east of the west boundary of Block 18.
  - (b) Between 82 feet and 48 feet east of the west boundary of Block 18.
  - (c) Within 28 feet east of the west boundary of Block 18.
  - (d) Within 49 feet west of the east boundary of Block 10.
  - (e) Between 153 feet and 241 feet east of the west boundary of Block 10.
  - (f) Between 162 feet and 114 feet east of the west boundary of Block 19.
  - (g) Within 30 feet east of the west boundary of Block 19.
  - (h) Within 23 feet west of the east boundary of Block 9.
  - (i) Between 153 feet and 197 feet east of the west boundary of Block 9.
6. There shall be no parking at the corners adjoining those areas designated in Sections 2, 3, 4 and 5 above.
7. No vehicle shall be parked or stopped in the parking stall located between 44 feet and 26 feet south of the north boundary of Block 9 on Gaetz Avenue except for the purpose of loading or unloading at Associate Clinic.

LETTER NO. 8.

September 6, 1952.

Statement submitted from S.R. Gehrke.

Waterproofing and painting Swimming Pool	\$660.00
Paid on account	<u>187.50</u>
Balance due	\$472.50

As this job has not been satisfactory due to no fault of yours or mine, I am willing to settle for \$300.00. I feel that the amount would be a fair deal to the city as I would be out anyway if the full amount were paid. Please give this matter your earliest consideration, I am,

Yours truly,  
"S.R. Gehrke".

---

LETTER NO. 9.

4219-50 Ave., Red Deer.  
September 8/52.

The Red Deer City Council,  
Red Deer, Alta.

Your Worship and Gentlemen:

I hereby make application for permission to build a garage on the north side of the Court Store as per sketch.

Yours truly,  
"T.H. Stephens".

---

LETTER NO. 10.

Mitten & Millen Lbr. Co.  
Sept. 4/52.

Mr. Geo. Nechkin,  
Red Deer.

Dear Sir:-

We wish to lease a warehouse building site from the City along the C.P.R. tracks between 45 St. and 46 St. The proposed warehouse would 15' x 65' and similiar in structure to that built by McAfee Distributors last winter.

It is understood there would be no doorways on the east side thus eliminating any chance of interfering with traffic on 52 Ave.

Yours very truly,  
Mitten & Millen Lumber Co.  
Per: J.H. Millen.

---

LETTER NO. 11.

4824-45 St.  
Red Deer, Alta. Sept. 6/52.

City Council,  
City of Red Deer.

Gentlemen:-

My mother has been discharged from the Hospital and I find it impossible to be at home to look after her, so have placed her in the Old Folks' Home on Michener Hill. Her only income is the Old Age Pension. The home charges \$75.00 per month. I wonder if it would be possible for help. She has lived here since 1910 and was a taxpayer. Hoping you can do something to help.

Yours truly,  
"Lottie M. Good".

---

LETTER NO. 12.

Vellner Motors Ltd.  
September 6/52.

Mayor and Council,  
City of Red Deer.

Dear Sirs:-

We wish to purchase lots 1 and 2, block M, Plan 3732P. in the City of Red Deer. Property would be used for a body repair shop and the storage of new and used vehicles.

If this application is accepted we would remove trees, level and fence the lots at a cost of \$1,500.00. We would start immediate construction of a frame and stucco building 50' by 60' at an approximate outlay of \$6,500.00.

Should any further information be required the writer would be pleased to appear in person at your convenience.

Yours truly,  
H.T. Vellner, President.

LETTER NO. 13.

The New York Times,  
Times Square, New York 36, N.Y.  
September 2, 1952.

Mr. G.A. Nechkin, City Clerk,  
City of Red Deer.

Dear Mr. Nechkin:

What's behind Canada's post-war business boom?

To find out, John G. Forrest, financial and business editor of the New York Times, recently made an extensive tour of the Dominion. He talked with bankers, financial experts, government officials, farmers, railroad men, oil men, leaders of Canadian business and industry.

From this trip developed three revealing articles which were published exclusively in The New York Times.

Because they tell the Canadian story so completely, The Times has received numerous requests for reprints of these articles. They are contained in this convenient booklet, along with a second series of articles by Times Reporter Iyer Berger on the Canadian "uranium rush".

This booklet graphically reveals the extent of The New York Times coverage of the Canadian scene. And it indicates the thoroughness with which The Times will cover Canadian business and financial trends in its International Trade Section of Tuesday, January 6, 1953.

This section will be published as part of the regular issue of The Times. It will afford you a unique opportunity to tell your story to an interested, important group of business, industrial and financial executives throughout the U.S., leading officials of the U.S. and other governments, as well as an unsurpassed consumer and tourist audience of over 500,000 families.

Please let us know if you wish more information about this section and your advertising in it, or if you wish to reserve advertising space now. Regular general and financial rates apply.

May I hear from you?

Cordially,  
Munson Campbell,  
National Advertising Department.

---

LETTER NO. 14.

September 8, 1952.

The City Clerk,  
City of Red Deer.

Dear Sir:-

I wish to make application for the exclusive use of one-half of the parking meter located in front of my office at 5007-49th St., Red Deer, Alberta, Meter #FC6.

Yours very truly,  
Messner's Taxi.
