Dear Mum:

Just returned from another trip to the Big City. Have met some very fine people there. Had dinner the other night in most beautiful apartment (about 15 rooms) I have ever been in. Very wealthy people. The hostess has reputation of being best dressed woman in —. Among guests was one Prince one Marquis & a nephew of the Pope. They are very pleasant & of course cosmopolitan. I supplied the Cigarettes! They are worth their weight in gold. Incidentally make sure that CMF is on all cigarette addresses please.

Your letter of June 26 awaited me here. Thanks for Mr. Dennis' statement of account. Have you received more than the one batch of Kodachrome originally acknowledged from N. Africa? Should be more soon. Summer is not quite as hot here as N.A. and is so far very pleasant. Love to all. Alan
